#### RBPT- a new tool for teacher organized by Dr. Sanjay Gaikwad

~~2018~~ 2017-18

It is a new research based pedagogical tool used for innovative teaching method. In this method, the student and teachers are taking part in the activity to learn by involvement. It improves the thinking power of students. The IISER Pune taking efforts to train teacher. This activity divided into three stages.

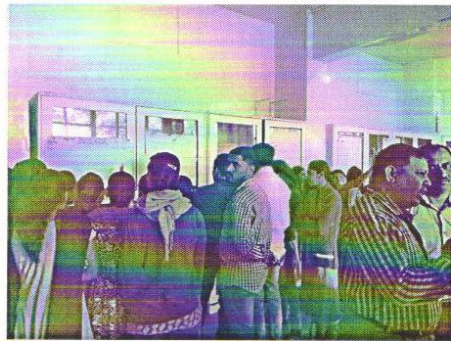

In the first stage student are aware about the concepts by teacher, in second stage the student divided in different groups with certain task. These groups are aware about their look/problem and allow discussing and presenting in rough posters. These rough poster are allow to all students to collect comments to be a best poster Then with help of comments the groups reform a new poster for respective problem and try to be "my poster is best poster ". In third step these posters are evaluated by the student from MSc.II and teacher. in their method students involve in all question/problems due to giving suggestion other poster he is involve in reading , thinking and expressing their vireos in terms of comments.

In our collage in 2017-18 this activity is done for S.Y.B.SC class on 1<sup>st</sup> October 2017, an about 10 posters evaluated by the students & teachers.

RBPT workshop at Cochin (Kerala)

Students present their posters

Handwritten signature or initials.

## **Student Charger Activity**

### **Student Charger Activity**

Student charger is an activity run by department of Marathi. Marathi department displays wallpaper titled 'Student Charger'. In this wallpaper, newspaper cuttings are displayed containing articles on those students who have succeeded in life against the adverse conditions by taking hard earned efforts. Such displayed article gives motivation to the students.

## 5. Innovative and Empowering Pedagogical Practices – From Thought to Action (Give details):

### 1. COOPERATIVE LEARNING METHOD (Teaching method) –

#### Description of the teaching innovation

This method is implemented from last three years in the college for third year BSc class as a classroom activity. This method gives positive interdependence, individual accountability, interactions, involvement, participation, alertness, respect etc. in every student. It helps to develop their skills like listening, understanding, analyzing, implementation etc. This method worked in three principles such as THINK-PAIR-SHARE. This allows the student to participate. In this method I make different groups of the students and they sit accordingly in the classroom. I explain the concept on the board, then every group is supplied the related question and every group is allowed to discuss. In this discussion, I help and take part to motivate every student of the group, that he/she should take part in discussion. It requires 10 minutes for discussion. Then every group selects a leader and writes the raised points on a paper. Then the leader of each group explains all points in front of whole class with the help of board. Then other group members ask the related question and the presenter group give the answer. The other group gets the marks for their question. If the presenter leader or his group gives the correct answer then it's OK. If not, then I give the answer. In this way, the students make different variety of questions by applying his / her knowledge, which are more creative. In this method every student is involved in the learning process i.e. active participation, as a good listener and gives respect to other students and teacher.

### The innovation different from conventional teaching

The conventional teaching method is lecturing method i.e. chalk and talk method, which is one way method. Every student from the class listens, but there is no active participation. When the teacher asks the question, some of the students give the answer. But in the cooperative learning method every student participated continuously in discussion by thinking, pairing and sharing. The students take part in the discussion everybody gives respect to others. Each student gets involved in the concept. Every student develops creative ability to ask the question as well as to give the answer.

### The impact of the teaching innovation

Every student involved in learning process. Increase the effective listening ability, deep understanding, develop a communication skill, engaged in interactive learning etc.. The involvement of student results in improvement and development of interest in the subject, in which some of the student who might not generally be interested. The result of the class is improved.

### Feedback from the students

1. The students become more interactive.
2. Every student takes part in learning process.
3. Some of the student not further doing study of this subject in home. The classroom activity is sufficient for them.
4. Knowledge of students is strengthened through continuous improvement

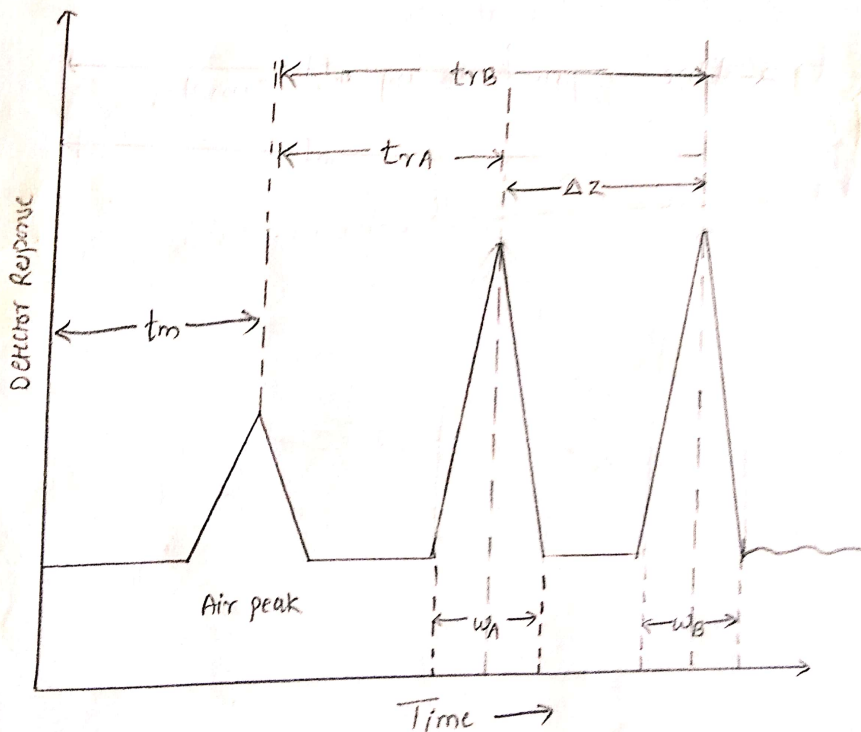

5. Free discussion because of Group assessments. The impact of such assessment favor on student learning
  6. This method helps to think us on the concept
  7. We learn through explaining concepts to other students

Q.4 Explain Gas chromatogram

- |                                |                                |
|--------------------------------|--------------------------------|
| 1) Satav Pallavi Shankar       | 2) Katke Rani Nandini          |
| 3) Shrivale Bhagyashri Avinash | 4) Phadtare Nirmala Dattatraya |
| 5) Yewale Ashwini Dilip        | 6)                             |

column Resolution,  $R$  of column provides a quantitative measure of the column ability to separate two components. The significance of this term is illustrated.

Retention time  $t_r$ : Time required for the component to come out from the column after the injection of the sample.

Retention time are used as qualitative identification.

$W$  - Peak width - width of peak at base line is called as peak width at base.

$t_m$  = time required to injected sample.

Q.7 What is Principle, advantages and applications of GC

- |                               |                             |
|-------------------------------|-----------------------------|
| 1) Waghmare Shital Uttam      | 2) Garhane shaila Madhukar. |
| 3) Garhane chaitali Dattatray | 4)                          |
| 5)                            | 6)                          |

### Principle

The method of separating volatile or gaseous substance by using gas as the mobile phase called gas chromatography.

In this chromatography, the stationary phase used may be a solid adsorbent or a nonvolatile liquid, solid surface, the chromatography divided into two types -

- i) Gas solid chromatography (GSC)
- ii) Gas liquid chromatography (GLC)

① Gas - Liquid chromatography - When the stationary phase is a non-volatile liquid coated on an inert support & the mobile phase is a gas, the technique is called GLC.

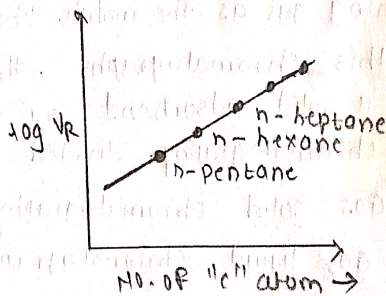

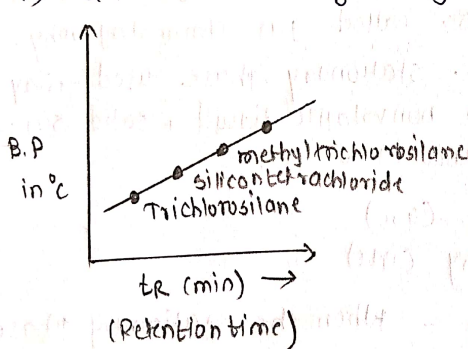

② Gas - solid chromatography :- When the stationary phase is a solid of large surface area & the mobile phase is a gas, the technique is called GSC.

## \* Advantages of Gas chromatography :

- 1) The technique is popular because it requires a very small amount of sample even for complex mixtures.
- 2) The separations which are impossible by other methods are very easily carried out by GC.
- 3) The technique has strong separation ability & high sensitivity. It gives good precision & accuracy.
- 4) The apparatus required is simple & relatively cheap.

## \* Applications of GC:-

### 1) Qualitative Analysis by GC:-

### 2) Quantitative Analysis by GC:-

3) GC of metal chelates

4) Analysis of drugs

5) Analysis of foods

6) Environmental studies.

Bharatiya Jain Sanghatana's Arts, Science and Commerce College  
Cooperative Learning  
T.Y.B.Sc. Analytical Chemistry  
HPLC 23/2/2016

Q.4 What are the applications of HPLC

- |                    |                  |
|--------------------|------------------|
| 1) Mahadik shital  | 2) shelar shalan |
| 3) Bhujbal supriya | 4) Gade Ashwini  |
| 5)                 | 6)               |

Applications of HPLC:

1) Inorganic chemistry: → To separate anions → techniques.

a) Ion exchange chromatography (IEC)

b) Ion pair chromatography (IPC)

c) Ion exclusion chromatography (IEC)

2) Technique to separate cations. → Inert gas technique.

3) Forensic chemistry:-

4) separation of lipids

5) steroids -

6) Nuclei acids in physiological fluids:

7) Natural & synthetic pharmaceutical drug -

8) Psychotropic Drugs in Body fluids:

# Co-operative Learning Method

Jambale Minal vilas

Msc-I

Co-operative Learning Method मुळे वगति

शिकवलेले समजून घ्यायला ग्रुप सोपे झाले. यामुळे आपला अभ्यास वगतिच होतो बरी जाऊन वाचण्याची गरज पडत नाही. या पद्धतीमुळे आपल्याला उत्तर शोधण्याचे डका अवगत होते. यामुळे आपल्या ज्ञानाला वेर पडले. या पद्धतीमुळे आपण मित्र-मैत्रीणीसह ये शब्द करून समजून घेण्यास मदत होते.

यामुळे आपल्याला एखाद्या Topic ची खोलवर माहिती मिळते.

Example

# Co-operative learning method

DATE: / /

PAGE NO.:

class: MSC-I

Date - 6/1/2017

Co-operative learning method ही खूप सोपी आणि फायदेगीर पद्धत आहे. या पद्धतीमुळे आपल्या अभ्यास कर्तांचे जवळपास सगळे पूर्ण होतो. या पद्धतीत एका गटात ५ भूले असतात. त्यांमधला एकजण आपल्या point चे कार्य सहित्व आहे व त्याच्यावरील सहित्वाचे प्रश्न आणि त्याचे उत्तर समजून देतो. या पद्धतीमुळे आपल्याला पुढे जाण्याची हिंमत येते. मैत्र-मैत्रिणींमध्ये share करून समजून घेण्यास खूप सोपे जाते.

या पद्धतीमुळे आपल्याला गटचर्चा कार्य असते हे समजते. या पद्धतीमुळे आपल्याला त्या point ची थोडक्यात माहिती समजते.

The co-operative learning method is helpful to student. This method is help to student for increasing their strength of study and confidence.

cooperative learning method means to think, react, interact with one another student and teacher. This method is easy and simple it increase the strength of marks of all students in the exam.

This method also develop the mentally prepare the student. In this method we are studied in group. In that group study discussion is must. This is very effective for study. All students are carry this method.

Yours faithful  
Ashwini

# Cooperative Learning Method .

Page: \_\_\_\_\_  
Date: 1/1/17

Name - Sonali P. Dhepe .

Class - M.Sc. I

Date - 6-1-17

Cooperative learning method ही एक अतिशय चांगली पद्धत आहे. यामध्ये आपल्याच वर्गातील चार ते पाच मुलीमुलांचा ग्रुप करून एखाद्या टॉपिक वर चर्चा केली जाते आणि नंतर तेच बोर्डवर शिकवले जाते. असे केल्यामुळे तो टॉपिक चांगला लक्षात राहतो. तसेच पुढे जाऊन शिकवल्यामुळे आपल्यात आत्मविश्वास वाढतो आणि तो टॉपिक घरी न अभ्यास करता वर्गातच तयार होतो. या पद्धतीमुळे आपल्याला गटचर्चा करण्याची देखील सवय होते.

Sonali P. Dhepe

Name :- Pandit Shweta Santosh

class :- T.Y. Bsc

clg :- BJS.

Sub :- Feed back of Co-operative learning method.

Co-operative learning method is very good for student. It gives confidence to student.

It increase thinking power.

It help to study & clear all doubts of student.

All student interact with one another & teacher.

It is useful in exam also.

In this method we are study in group & this is very interesting and also helpful to increase our imaginary power / thinking power.

Co-operative learning method is very good method.

your's faithful

Pandit.

## Co-operative learning Method.

My college is use Co-operative learning method in 2016-17. this method is very helfful to student. student are confident share our problem <sup>with</sup> group leaders. and group leaders are help student.

This co-operative learning system increases student confident level, and also increases leardership.

This method is very important. so, every college are use this method.

Thank you.

Gawari A.B.

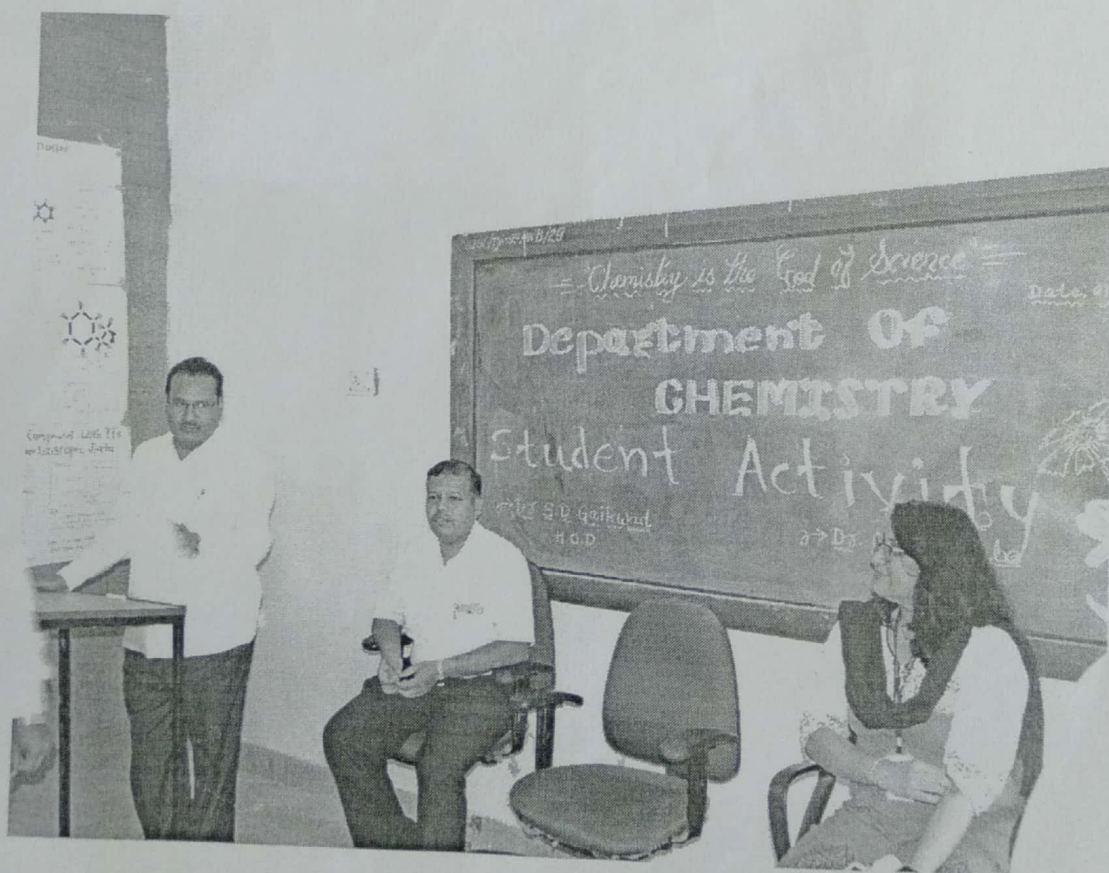

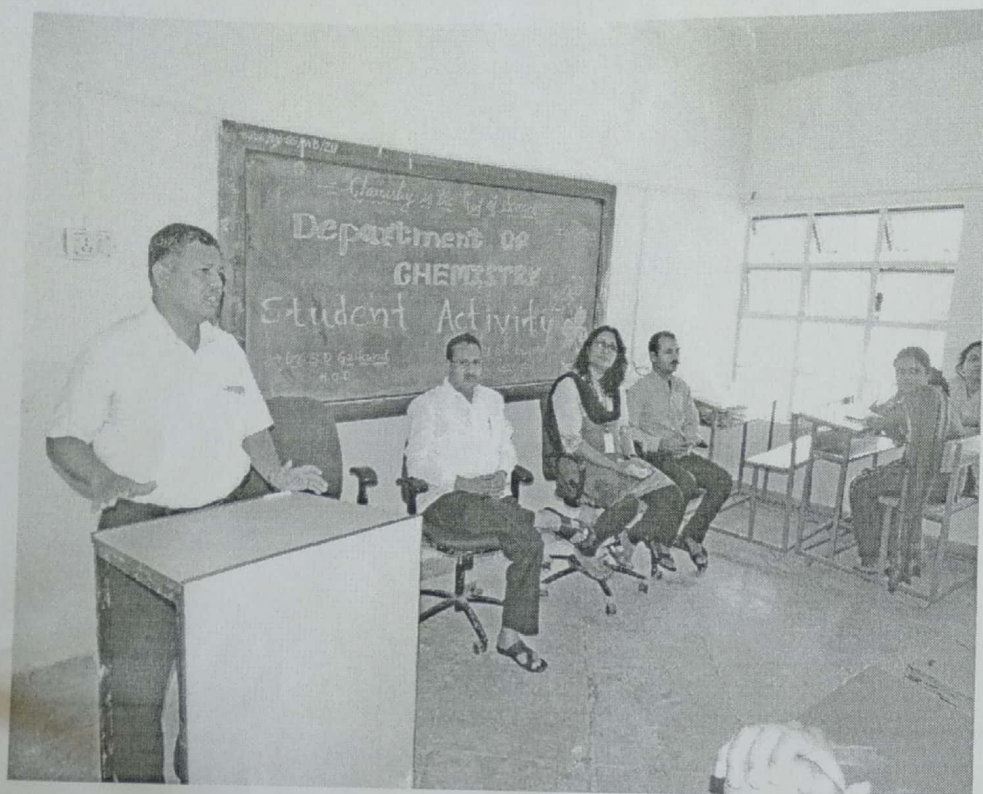

# Wall paper activity

## REPORT

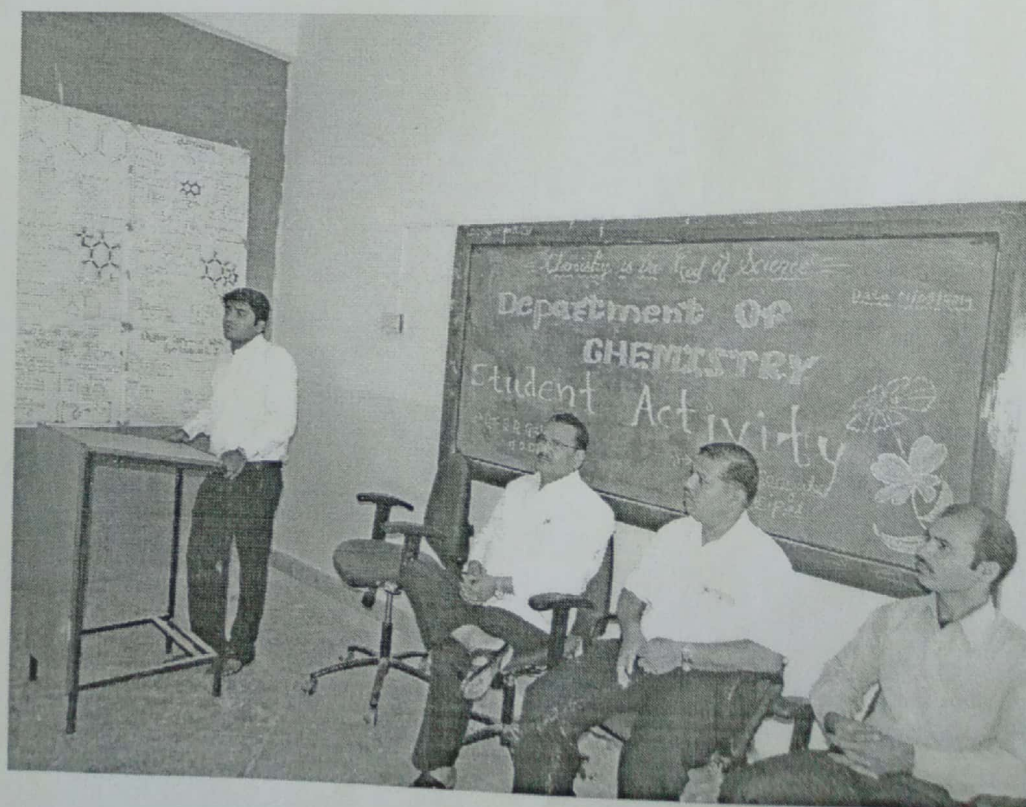

In wallpaper presentation the subject was "spectral Representation of organic molecules" Student display wallpapers in every week. M.Sc. student run ~~th~~ this activity. This getting detail knowledge about spectra. And also about the 3d representation of spectra .

**Activity Report****Committee/ Department :-BBA(CA)**

1. Activity Name/ Title : Industrial Visit 2018-19
2. Day and Date : 27/11/18,28/11/18,04/12/18
3. Status of Activity : Completed
4. No. of Beneficiaries : 50

| Class     | No. of Students | Male | Female | Remarks |
|-----------|-----------------|------|--------|---------|
| TYBBA(CA) | 36              | 14   | 22     |         |

**5.Objective of Activity : -**

- 1.For students pursuing professional education industrial visits help them gain hands-on experience of how industry operations are executed.
- 2.Industry visits bridge the gap between theoretical training and practical learning in a real-life environment.
- 3.Industry visits provide opportunity for active/interactive learning experiences in-class as well outside the classroom environment.

**6.Outcome of Activity :**

- 1.With industry visits, students are able to better identify their prospective areas of work in the overall organizational function.
- 2.Industry visits help enhance interpersonal skills and communication techniques.

6.Students become more aware of industry practices and regulations during industry visits.

3.Industry visits broaden the outlook of students with exposure to different workforces from different industries

7.Abstract of Guest's Speech: Attached Activity Report

8.Name of Organizers : Dange S.P.

9.Special Remarks :---

10.Budget and Actual Expenditure :

| Sanctioned Amount | Actual Expenses | Variance | Reasons | Remarks |
|-------------------|-----------------|----------|---------|---------|
| 10000             | ---             | ---      |         |         |

11.List of Feedback received:

a) From Guests :-

b) From Students / Participants: - Direct Interaction with industry people and their work culture

c) Committee :-

12.Others (Specify) :

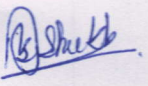

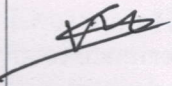

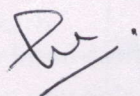

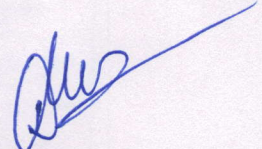

13.Photos: Attached with Report.

14.Event uploaded on web Site : No

15. Documents Attached :-

- 1.Student Notice
- 2.Activity Report
- 3.Student Attendance

| Date of the Event           | 27/11/18,28/11/18,04/12/18                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| Time of the Event           | 9:00a.m. to 2:00 pm                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| Summary                     | <ol style="list-style-type: none"><li>1. Industrial visits are a complete package which aims at widening the knowledge of students. It is not just an outing organised by school/college authorities for fun. These visits are related to your curriculum, so you get to learn things which are beneficial to you in the future. They are totally educational in nature with rich learning experience.</li><li>2. Industrial visits generate an excitement among students as they get a chance to learn something outside the confines of their school/college walls. Thus, it adds to a source of entertainment as well.</li><li>3. An industrial visit is your first-hand experience to anything related to your career. It helps you gain an active learning experience. Schools and colleges cannot afford to show you the real methodologies of companies.</li><li>4. The gap between theoretical learning and practical exposure is actually bridged by industrial visits. The importance of industrial visits is such that it has been made mandatory in many institutions.</li><li>5. Also, students are always curious about what kind of work they would be doing after entering their favourite industry. Through industrial visits, they can clarify their doubts and silence their curiosities. They can communicate with people and organisations to get a clear idea of their dream job.</li></ol> |
| Conclusion                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |

# ***Natural Indicator Extracted From Flower Petals***

## **ABSTRACT**

Different type of flowers were collected and from there extract they were, tested for indicator properties in acid -base titration. Now a day synthetic indicator are the choice of acid base titration but due to environmental pollution , cost , availability of synthetic indicator so there is a need for search natural compound as an acid- base indicator. Present work focus on use of flower petal extract indicator in acid – base titration. These natural compound is easy to prepare extract and easy to available and it also promising titration result.It is showing sharp colour change at equivalent point. It tested with standard synthetic indicator. This indicator is used in all type of acid-base titration exception of weak-acid & weak-base titration. It was found very useful, economical, simple & accurate indicator for titration.

Subject :- Financial Assistance to attending International Conference held in Abroad.

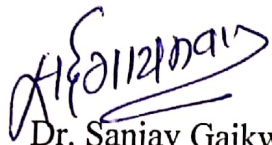

We thank you for sanctioning the proposal of Dr. Sanjay Gaikwad, Associate Professor, Head, Department of Chemistry of our College for **Financial Assistance to attending International Conference held in Abroad**. He attends the International Conference organized by Indian Council of Chemists held in Dubai and Abu Dhabi on 10 - 14 June 2014. He is a permanent Teacher in our College. He enclosed the all required documents with this application. Kindly accept the application for financial assistance to attend international conference.

Enclosed

1. Xerox copy of sanctioned letter
2. Statement of expenditure in duplicate
3. TA,DA form duly countersigned by Principal
4. Conference registration fee receipt
5. Copy of pass-port and visa
6. Air tickets
7. Conference Brochure
8. Undertaking
9. Copy of Teacher approval
10. Certificate

Thank you,

With regards

**Subject:-** Reg. Application for Financial Assistance to attend an International Conference / Seminar/workshop Under Young Teacher Professional Travel Grant Scheme.

**Reference:-** Your application dated - 24/04/2014.

Dear Sir,

With reference to your application on the subject mentioned above, I am happy to inform you that to attend "3<sup>rd</sup> International Conference on Chemistry for Sustainable Development : Indian Perspective", at Vijay Nagar, Agra, from 10/06/2014 to 14/06/2014 and present the paper on "Application Of Hydroxy Lawsone in Gravimetric Estimation Of Yttrium (III)", the following financial assistance have sanctioned to you by the University authorities subject to fulfillment of rules and regulations of Savitribai Phule Pune University.

| Sr. No. | Head of Expenditure                                                                                      | Amount sanctioned in Rs.                                               |
|---------|----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------|
| 1.      | Registration Fee<br>Air Fare (Both Ways)<br>Local Transport as per rules<br>D.A. for 7 Days as per rules | 75% financial assistance approved<br>on production of actual vouchers. |

Kindly submit the following documents and undertaking to Finance & Accounts Department of Savitribai Phule Pune University, through Planning & Development Section for passing the bills and settlement of your claims as soon as you came back from the Conference:

1. Xerox Copy of the sanction Letter of the University.
2. Statement of expenditure in duplicate.
3. T.A.D.A Form duly countersigned by Principal of the college.

“International Conference on  
Chemistry for sustainable Development: Indian prospective”  
at Dubai

On 10/6/2014 to 14/6/2014

**Statement of Expenditure**

.....

#### संजीवरूप

विदेशों में रहने वाले भारतीय नागरिकों को सलाह दी जाती है कि वे निकटतम भारतीय मिशन/कंसुले में अपना संजीकरण करावाएँ।

#### चेतावनी

यह पासपोर्ट भारत सरकार की सम्पत्ति है। इस पासपोर्ट के बारे में किसी पासपोर्ट अधिकारी से इसके धारक को यदि कोई सूचना मिलती है जिसमें पासपोर्ट सौंपने की मांग भी शामिल है तो उसका तुरंत अनुपालन किया जाए।

यह पासपोर्ट डाक द्वारा किसी भी देश से बाहर न भेजा जाए। यह पासपोर्ट धारक या उसके द्वारा प्राधिकृत व्यक्ति के कब्जे में ही होना चाहिए। इसमें किसी भी प्रकार का फेरबदल या विकृति नहीं की जानी चाहिए।

पासपोर्ट गुम हो जाने, चोरी हो जाने अथवा नष्ट हो जाने पर उसकी सूचना भारत में सबसे निकटतम पासपोर्ट अधिकारी को अथवा यदि पासपोर्ट धारक विदेश में है तो निकटतम भारतीय मिशन/कंसुले और स्थानीय पुलिस को तत्काल दी जानी चाहिए। विन्युत पुनरावृत्ति के बाद ही डुब्लिकेट पासपोर्ट जारी किया जाएगा।

#### REGISTRATION

INDIAN CITIZENS RESIDENT ABROAD ARE ADVISED TO REGISTER THEMSELVES AT THE NEAREST INDIAN MISSION/POST.

#### CAUTION

THIS PASSPORT IS THE PROPERTY OF THE GOVERNMENT OF INDIA. ANY COMMUNICATION RECEIVED BY THE HOLDER FROM A PASSPORT AUTHORITY REGARDING THIS PASSPORT, INCLUDING DEMAND FOR ITS SURRENDER, SHOULD BE COMPLIED WITH IMMEDIATELY.

THIS PASSPORT SHOULD NOT BE SENT OUT OF ANY COUNTRY BY POST. THIS SHOULD BE IN THE CUSTODY EITHER OF THE HOLDER OR OF A PERSON AUTHORIZED BY THE HOLDER. IT MUST NOT BE ALTERED OR MUTILATED IN ANY WAY.

LOSS, THEFT OR DESTRUCTION OF THIS PASSPORT SHOULD BE IMMEDIATELY REPORTED TO THE NEAREST PASSPORT AUTHORITY IN INDIA OR IF THE HOLDER IS ABROAD, TO THE NEAREST INDIAN MISSION/POST AND TO THE LOCAL POLICE. ONLY AFTER EXHAUSTIVE ENQUIRIES SHALL A DUPLICATE PASSPORT BE ISSUED.

B.T.S. Arts, Science & Commerce College  
Kasgholi - Pune

Dear Prof. / Dr. / Mr. / Ms.

I am pleased to inform you that the abstract of your paper entitled "Gravimetric Estimation of Yttrium (III) using Hydroxy Lawsone"

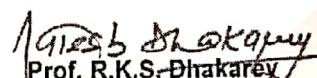

(co-authors \_\_\_\_\_ — X — \_\_\_\_\_) is accepted for

Plenary / Oral / Poster presentation in the 3<sup>rd</sup> International Conference of the Indian Council of Chemists going to be held at Dubai and Abu Dhabi on 10-14 June, 2014.

XYou are invited to chair a session in the Conference.

No TA / DA will be paid by the Council to the author / authors of this paper for its presentation in the above conference.

Yours sincerely

  
Prof. R.K.S. Dhakarey  
Secretary

Indian Council of Chemists

Dean, Research

Head, University Department of Chemistry

Dr. B.R. Ambedkar University, Agra

Agra - 282002 (U.P.)

E-mail: [iccdubai2014@gmail.com](mailto:iccdubai2014@gmail.com)

#### INFORMATION ABOUT PRESENTATION

##### a) Oral Presentation :

1. Each Plenary lecture will be of total of 20 minutes duration, about 15 minutes for presentation and 5 minutes for discussion.
2. Each oral presentation will be of total of 10 minutes duration, about 8 minutes for presentation and 2 minutes for discussion.
3. Please ensure that font size and drawings are such that these can be legible by the audience even at the end of room 10-12 meters long.

##### b) Poster Presentation :

1. An area of about 1 M x 1 M would be available for poster display. The area is adequate for display of 12 A4 sheets.
2. Use minimum font size 14 so that the poster can be read from a distance of about 1 M.
3. First sheet must contain the following information presented in a clear manner :
  - \* Title
  - \* Authors with the presenting author name underlined.
  - \* Affiliation and address.

**Young Scientist/Teacher Travel Grant**

**Undertaking by the Applicant**

I certify that

I have not getting any financial assistance (Unassigned Grant or Young Teacher Travel Grant) during the last three years from the University for attending National/International Conference / Seminar / Symposia / Workshop / Training Programme held abroad or within India and also I have not published earlier the above-mentioned research paper in any National or International Journal or Book and nor I presented or will present the same in any other conference except above.

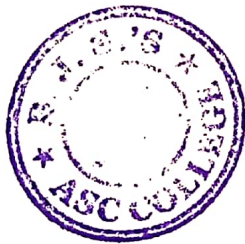

The details given above are correct. If the information supplied is found to be incorrect on later date, I shall reimburse the entire money to the University. The money received will be used for the purpose for which it is requested. In case financial assistance is received from the organizers or any other agency, I shall pay back the amount granted by the University and I shall abide by the decision of the University.

  
(Dr. Sanjay D. Gaikwad)

## Report of the Course

Bharatiya Jain Sanghatana's Arts, Science and Commerce College

Department of Chemistry

### Skill Based Chromatographic Techniques

Respected Sir,

“Chromatographic Techniques” skill based course successfully run for the M.Sc II students. 37 students were admitted for this course. The sanction budget and expenditure is given below. Kindly accept it and sanction the amount.

1. Duration: 60 Hours
2. Intake: 37 Students
3. Course Fees: Rs. 400/- per Student

### Sanctioned Budget of the Course

### Chromatographic Technics (4 Credit )

| Receipts        | Amount         | Payment                          | Amount        |

## Report of the Course

Bharatiya Jain Sanghatana's Arts, Science and Commerce College

Department of Chemistry

### Skill Based Chromatographic Techniques

Respected Sir,

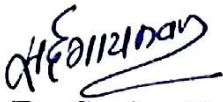

"Chromatographic Techniques" skill based course successfully run for the M.Sc II students. 44 students were admitted for this course. The sanction budget and expenditure is given below. Kindly accept it and sanction the amount.

1. Duration: 60 Hours (1<sup>st</sup> term and 2<sup>nd</sup> term )
2. Intake: 44 Students
3. Course Fees: Rs. 400/- per Student

#### Sanctioned Budget and expenditure of the Course

#### Chromatographic Technics (4 Credit ) 1<sup>st</sup> Term

| Receipts                        | Amount  | Payment              | Amount |
|---------------------------------|---------|----------------------|--------|
| To Fees<br>Students<br>44 x 400 | 17600/- | 1 <sup>st</sup> term | 8750   |
|                                 | 17600/- |                      | 8750   |

Course co-ordinator

## Chromatographic Techniques (4 credits, 60 hours)

**Objective:** Basic understanding with hands-on training of the various chromatographic techniques

| 1) Paper and Thin layer chromatography (TLC)       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | Hours |
|----------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
|                                                    | Fundamentals and Principles of paper and Thin Layer Chromatography (TLC), Mobile phases, Stationary phases-Normal phase and Reverse phase, Detectors, Staining solutions (KMnO <sub>4</sub> , Ninhydrin, PMA and others), Applicability and Importance with examples                                                                                                                                                                                                                                            | 6     |
| 2) Gas Chromatography (GC)                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |       |
|                                                    | Fundamentals and Principles of Gas Chromatography (GC), Instrumentation, Sample preparation, Mobile phases, Injectors, GC columns, GC detectors ((Thermal Conductivity Detector (TCD), Flame Ionization Detector (FID), Mass Selective Detector (MSD) and others)), Applications and importance with examples, Limitations, Data processing and interpretation, Hands-on training                                                                                                                               | 14    |
| 3) High Performance Liquid Chromatography (HPLC)   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |       |
|                                                    | Fundamentals and Principles of High Performance Liquid Chromatography (HPLC), Instrumentation, Types of HPLC-Normal phase HPLC, Reverse Phase HPLC, Ion Exchange Chromatography (IEC), Size exclusion chromatography, Mobile phases, Sample preparation, Limitations of HPLC, HPLC injectors, HPLC pumps, HPLC columns, HPLC detectors (UV-Visible detector, Diode array detector, Refractive index detector and others), Elution systems-Isocratic and Gradient, Applications with examples, Hands-on training | 16    |
| 4) Gas Chromatography-Mass Spectrometry (GC-MS)    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |       |
|                                                    | Fundamentals and Principles of Gas chromatography-mass spectrometry (GC-MS), Instrumentation, Ionization, Detectors-Mass Selective Detector (MSD), Time of flight (TOF) and others, Data analysis, Applications with examples, Hands-on training                                                                                                                                                                                                                                                                | 14    |
| 5) Liquid Chromatography-Mass Spectrometry (LC-MS) |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |       |
|                                                    | Fundamentals and Principles of Liquid Chromatography-Mass Spectrometry (LC-MS), Instrumentation, Ionization, MS analysis, Applications with examples, Hands-on training                                                                                                                                                                                                                                                                                                                                         | 10    |

**Activity Report****Committee/ Department :- BCA(sci)**

1. Activity Name / Title :- Guest Lecture(Soft Computing)
2. Day and Date :- Thursday , 06 Sep 2018
3. Status of Activity :- Completed
4. No. of Beneficiaries : 18

| Class        | No. of Students | Male | Female | Remarks |
|--------------|-----------------|------|--------|---------|
| T.Y.BCA(sci) | 18              | 06   | 12     | Done    |

1. Objective of Activity :- Giving " Scope of Soft computing "to the students
2. Outcome of Activity :- Students satisfied and introduced about the soft computing.
3. Abstract of Guest's Speech: - Goal, Differences between hard and soft computing
4. Name of Organizers : - Patil S. S
5. Special Remarks :- Good activity for understanding scope of soft computing
6. Budget and Actual Expenditure :

| Sanctioned Amount | Actual Expenses | Variance | Reasons | Remarks |
|-------------------|-----------------|----------|---------|---------|
| 1000 /Rs          | -----           | -----    | -----   | -----   |

7. Gist of Feedback received:

a) From Guests :- \_

b) From Students / Participants :- Students satisfied about ideas of soft computing

Others (Specify) : \_\_\_\_\_

Guest Dr. Bharmbe from Garware college speaking on the "soft computing."

Students listening to the guest

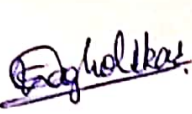

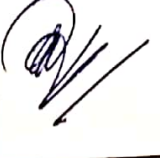

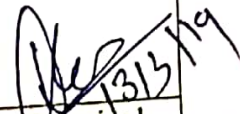

Guest Dr Manisha interacting with students on queries .

Students Attending the lecturer

8. Event uploaded on web Site : No

Documents Attached :- \_\_\_\_\_

## ‘एक दिवस बस प्रवासाचा’

शेळी, ता. २२ : 'इयन सकाळ, फाटल्या गराज', 'एक दिवस बस प्रवासाचा' अशा घोषणा देत भारतीय जैन संघटना विद्यालय व महाविद्यालय राष्ट्रीय सेवा योजनेच्या विद्यार्थ्यांनी 'बस डे' उपक्रमात सहभागी होण्याचे प्रारमभ्याने आवाहन केले. राष्ट्रीय सेवा योजनेच्या विद्यार्थ्यांनी कापेली गावातून सोमवारी सकाळी प्रभात फेरी काढली. केसनेर फळा येथून केरीच्या सुवात करण्यात आली. 'पुणे बस डे' उपक्रमाला सहभागी व्हा, 'एका दिवस बस प्रवासाचा', सार्वजनिक वाहतूक वित्तची वाहतूक, अपघात टाळा- जखमा प्रवास करा, इत्यादी कथेत काळजाची गरज, प्रदूषण टाळा- आरोग्य वाचवा अशा घोषणा देत मुलींनी पुणे बस डे उपक्रमाला

सहभागी होण्याचे आवाहन प्रारमभ्याने केले. गावठाणातून केसनेर फाटल्यावर या फेरीचा समारोप झाला.

समारोपानंतर मुलींनी व प्रख्यापकांनी या योजनेत सहभागी होण्याचा निर्धार केला. महाविद्यालय राष्ट्रीय सेवा योजनेच्या प्रमुख डॉ. रुपाली लाड, विद्यालयाचे प्रमुख मुकुंद साबळकर यांनी या फेरीचे आयोजन केले होते.

अर्दी प्रतिष्ठान, राजर्षी शाहू प्रतिष्ठान व भारतीय जैन संघटना यांनी वाचोलीत हवाती परफे वाटून 'पुणे बस डे' उपक्रमाला सहभागी होण्याचे आवाहन केले. मनोज बाजकरिया, अमिता वाचोलीकर, चंद्रशेखर मुंकड, प्रा. श्री. बी. धासरे, दीपक कर्नाड, निरीश बडत यांनी हा उपक्रम संचालित

वाचोली : भारतीय जैन संघटना विद्यालय व महाविद्यालय राष्ट्रीय सेवा योजनेच्या विद्यार्थ्यांनी प्रभात फेरी काढून 'पुणे बस डे' उपक्रमाला सहभागी होण्याचे प्रारमभ्याने आवाहन केले.
