- **Sewage water treatment:- (Disadvantage)**

There is no drainage facility in Wagholi village hence we implemented initiative by establishment of Sewage treatment plant in the campus.

Daily about 20, 00,000 lits. Of domestic waste water is collected and supplied for treatment in “**Sewage water treatment plant**”(STP), after the treatment it is circulated through pipe in garden for growing of plants in the campus which are the natural fan keeps environment clean and eco- friendly

- **Water Purification Unit:- (Disadvantage)**

WERC campus includes hostel, school, senior college, staff quarter, ladies hostel, administrative building about 7,169 Population includes students, staff, and stakeholders live in this campus required about 41,74,854 liters water monthly.

There is no corporation water available for drinking purpose hence we taken initiatives by establishment of water purification plant.
