The IQAC plays a key role in planning and monitoring of all the academic related activities mainly to ensure benefits to the students. Each department has to submit its report to the IQAC. The IQAC reviews and analyses the reports obtained from individual departments for further action. The IQAC finalizes and approves the activities of the different committees and then these activities are implemented by the heads of respective committees. Then final result is NAAC given „B“ Grade CGPA 2.56.
