Bridge Courses Report- 2023-24

### Department of Mathematics

In the academic year 2023-24 Faculty of science organized a short-term bridge course from 11/07/2023 to 22/07/2023. Mathematics Department took 7 lectures. During this course **Prof. Avhad Pradip** taught the basic concept of Mathematics like Number system, sets, relation, function, limit, derivative, congruences & complex Number. Near about 22 students participate in this course. Students are very happy after getting the basic knowledge.

Name of Teacher- Prof. Avhad Pradip

## Department of Statistics

In the Academic year 2023-2024, Faculty of Science organized a short term bridge course. The duration of course was 11 days which included 13 hours theory Lectures on all Science subjects. Statistics Department took total 8 lectures in this bridge course. A total number of 22 students participated for the course. During course taught basic statistics concepts, data collection methods, Probability, Applications of statistics, Applied statistics in day to day life and statistical analysis methods to the students. Examination for the course will be conducted on 22<sup>nd</sup> July 2023. At the end of the course students gain overall basic knowledge about statistics subject and their F.Y.B.Sc. Syllabus. Also, they would be aware of the career options available in the subject.

Name of Teacher: Prof. chakradhar Shelake

## Department of Botany and Committee Report

### Report

Topic conducted during Bridge course are as follow-

Sr.No	Topic Name
1	Plant Kingdom - Classification and Characteristics
2	Characteristics of Prokaryotic and Eukaryotic Cell
3	Introduction to Principles of Botany/Advance Botany
4	Plant Physiology and Plant Biotechnology
5	Carrier Oriented program (COP) its importance and opportunities
6	Avishkar Activity

Name of Teacher- 1. Dr. D. N. Patil.

2. Dr. Madhuri Pagariya

## Department of Chemistry

### Topic- Periodic Table

In the topic first history of periodic table is introduced to all students ,periodic law, trends of periodic table concern with atomic size ,ionization potential ,reactivity was discussed. Also with the students How chemistry is related with day today life i.e. well explained. I have given examples of day today compounds and their bonding in chemistry.

**Name of Teacher- Dr. Rupali Gulalkari**

### Topic: Inductive and Resonance Effect

**Abstract:** Formation of covalent bond, Polar and Non polar covalent bond, sigma and pi bonds , Electronic effects in organic molecules were discussed.

**Inductive Effect:** Inductive effect is the effect that is caused by the transmission of an electrical charge throughout a chain of atoms.

**Resonance Effect:** Resonance effect describes the effect on the stability of a molecule due to the interaction between pi bond electrons.

Types of resonance (+R and -R) and Inductive effect (+I and -I) were discussed.

**Name of Teacher- Dr. Manisha Bora**

### Topic: Aromaticity

**Abstract:** Meaning of aromatic word was explained, characteristics for aromaticity as cyclic, conjugated system, planarity. Example of Benzene was discussed with its resonating structures. Delocalisation of pi electrons and formation of electron cloud was discussed.

Rule for Aromaticity given by Huckel and how to apply was discussed with different examples as cyclobutane, cyclopropane and their number of delocalized pi electrons present in them were calculated. As presence of odd no. of pi bonds indicate the molecule will be aromatic and even no. of pi bonds molecule will be non aromatic in nature was determined

**Name of Teacher- Hemlata Manvatkar**

## ZOOLOGY DEPARTMENT

In the Academic year 2023-2024, Faculty of Science organized a short term bridge course. The duration of course was 11 days which included 33 hours theory Lectures on all Science subjects. Zoology Department took total 7 lectures in this bridge course. A total number of 45 students participated for the course. During this course Dr. Madhuri Deshmukh (03 Lectures) and Dr. Tejal Deokar (05 Lectures) taught basic Zoology to the students. Examination for the course will be conducted on 22<sup>nd</sup> July 2023. At the end of the course students would gain overall basic knowledge about Zoology subject and their F.Y.B.Sc. Syllabus. Also, they would be aware of the career options available in the subject.

### Name of the Teacher

1. Dr. Madhuri Deshmukh

2. Dr. Tejal Deokar

## Department of Physics

In accordance with College Motto "Exploring youth capabilities for social service", Department of Physics had organized bridge course for F.Y.B.Sc. students during the academic year 2023-24. This program was aimed at refreshing the physics knowledge of students and nurture confidence of subject in them. Initially, choice based credit system (CBCS) was explained to the students to make them familiar with the education system. Scientific technique of study and use of various online platforms like Google classroom and Microsoft teams for academic purpose was discussed. This course inculcated strong problem solving skills along with an understanding of basic and applied knowledge of Physics among students. The lectures conducted were based on basic laws in Physics, elementary particles, atomic structure, chemical reactions, study of various instruments used in Physics, mathematical concepts like integration, derivation, graph plotting and interpretation. Finally, quiz competition was also conducted to assess the fruitfulness of bridge course.

**Program Activity Report (2023-2024)**

**Committee/ Department: Commerce**

**Date:-12.02.2024**

1. **Activity Name /Title:** A two-day 'Educational Study Visit' 'Kaju Fruit Processing Factory' and 'Dapoli Agricultural University' at Dapoli, Ratnagiri.
2. **Day / Date:** Friday, Saturday, 09.02.2024 to 10.02.2024(2Days), Dapoli, Ratnagiri..
3. **No. of Beneficiaries/Faculty:** 46

No. of Students	Male	Female	Total
46	30	16	46

4. **Name of Organizers:** Prof. Asmita P. Tayade and Dr. Prabodhini B. Wakhare.

**5. Objective of Activity:**

- Enhances knowledge and understanding

Educational trips provide students with a chance to learn about a particular place or subject in a more interactive and immersive way. For instance, visiting a historical site or a museum helps students better understand the history and culture of a place.

- **Promotes teamwork and social skills**

Educational trips involve group activities and require students to work together, which helps them develop teamwork skills and social skills. This is crucial for younger pupils because it fosters their confidence and self-worth.

- **Encourages independent learning**

Educational trips require students to be more self-directed and take ownership of their learning. This helps students develop problem-solving skills and become more independent learners.

- **Promotes creativity and critical thinking**

Educational trips provide students with a chance to think creatively and critically about the things they see and experience. This helps students develop their critical thinking skills and become more innovative learners.

- **Provides a break from the monotony of classroom learning**

Educational trips give students a break from the traditional classroom setting and allow them to learn in a more fun and interactive way. This helps to keep students engaged and motivated to learn.

## **6. Outcome of Activity:**

- **Exposure to new cultures and environments**

Field tours are incredibly enriching and educational for students. Educational tours provide the opportunity for students to learn about different customs, traditions, and ways of life in other countries or regions. These tours are organized to focus on specific subjects, such as history, language, art, or science, or they can be more general in nature, allowing students to experience a wide range of cultural and educational activities.

By participating in an educational tour, students gain first-hand exposure to different cultures, historical sites, and natural landscapes. It helps to broaden their understanding of the world and encourage them to think more critically about the world around them. Educational tours can also provide students with the opportunity to develop important skills such as independence, problem-solving, and teamwork, as they navigate unfamiliar environments and cultures.

- **Hands-on learning experiences**

Educational tours that incorporate interactive learning can be a powerful tool for students to deepen their understanding of a subject or topic. By actively participating in the learning process, students are more likely to retain information and develop critical thinking skills.

Additionally, interactive learning can be more engaging and enjoyable for students, making its valuable addition to any educational tour.

- **Development of social skills**

Skills: Educational tours provide students with the opportunity to interact with their peers and adults in a new setting, helping to develop their social skills and confidence.

- **Improvement of communication skills**

Educational tours require students to communicate and collaborate with their peers and adults, helping to improve their communication skills.

- **Development of problem-solving skills**

Educational tours often involve challenges and unexpected situations that require students to use their problem-solving skills to find solutions.

- **Enhancement of critical thinking skills**

Educational tours encourage students to think critically about the information and experiences they are exposed to, helping to enhance their critical thinking skills.

- **Increased motivation and engagement**

Educational tours provide students with a sense of excitement and adventure, which can lead to increased motivation and engagement in learning.

- **Development of leadership skills**

Educational tours provide students with the opportunity to take on leadership roles and responsibilities, helping to develop their leadership skills.

- **Building of lifelong memories**

In addition to the academic benefits, educational tours also provide an opportunity for students to build lifelong memories. These trips allow students to make new friends, bond with their classmates, and create memories that will stay with them for a lifetime. Hence, educational tours are a valuable educational tool that helps students learn about the world and build lasting memories.

- **Enhance Academic Performance**

During educational tours, students are exposed to a variety of teaching philosophies and discover new perspectives on their fields of study. Students return to the classroom with a deeper connection and greater motivation for their studies when they are able to see, touch, and smell the very things they have learned about in books. **Student will get 1 credit as per University circular.**

## APPRECIATION LETTER

To,  
The Director,  
Vasantdada Sugar Institute,  
Manjari, Pune

Respected Sir,

It is our great pleasure to extend our sincere thanks to the Director VSI for giving our students and faculties an opportunity to visit the VSI, Manjari, Budruk, Pune, on 17 February 2024 to showcase scientific work and instrumentation at Molecular Biology and Genetic Engineering, Tissue Culture, Agriculture Microbiology and Alcohol Technology Departments. As work carried out here is of international standards.

Our heartfelt thanks to the entire eminent scientist of VSI, who precisely highlighted the exciting avenues in agricultural and biotechnological sciences in sugarcane.

We appreciate their valuable contribution and expect further cooperation.  
Thank you.

Yours Sincerely

**Subject: - Regarding permission for study visit at VSI, Pune**

Respected Sir,

Bharatiya Jain Sanghatana's College of Arts, Science and Commerce is a part of Wagholi Educational Rehabilitation Center (WERC) with not only aim at achieving academic excellence but also want to inculcate value education, physical training and mental wellbeing in our students and practical training for students.

With these objectives and as per practical syllabus of S.Y.B.Sc students a visit to institute is mandatory as this will help students to know the new techniques, commercial values and help them practically to know recent advances in field of science.

Vasantdada Sugar Institute, Manjri, Pune is one of the most renowned institute with a combination of all scientific, technical and educational functions. We would like to conduct a **one day visit** with our 3 faculty members and 40 students to showcase scientific work and instrumentation at **Molecular Biology and Genetic Engineering, Tissue Culture and Agriculture Microbiology, Alcohol Technology Departments** as the work carried out here is of international standards.

Hence, we request you to grant us permission to visit your renowned institute on 17 February, 2024

Thanking you,

**Outcome of Activity :**

- Educational visit helped to enhance botanical knowledge of students.
- Students gained a deeper understanding of plant diversity, taxonomy and concepts of bonsai, terrarium and miniature garden through direct observation and engagement with experts.

**Name of Organizers** : Department of Botany – Dr. Madhuri Pagariya and Dr. D.N.Patil.**Budget and Actual Expenditure-** Self Funded

**Program Report** : Empress Botanical Garden is a green paradise in the heart of Pune occupying 39 acre bio-diverse expanse near Pune racecourse. There are many rare exotic and indigenous trees are grown and preserved in the garden. This educational trip has helped students to acquire the knowledge about plant diversity and importance of Botany. Students have seen the flower show, fern house, Bonsai arrangements, different flower arrangements and also got knowledge about new concepts in horticulture like bonsai, miniature garden, dry flower arrangement and terrarium.

Students visited Rupa Rahul Bajaj Centre for Environment & Art, and were guided by Research fellow employed in that institute regarding importance of nature conservation, and various activities held by the center out there, students visited there library and had a quick glance on the books present in it. Complete information of several medicinal plant species and hydrophytes were shared by the employee of the center.

As per the CBCS exam pattern, students have prepared the visit report and submitted to department during practical exam. Overall, this educational trip helped students to know educational aspects in Botanical garden.

To,

The Director,  
Fishery Center Hadapsar, Pune

Subject: Seeking permission for the visit.

As per Savitribai Phule Pune University Zoology syllabus, visit to Fishery Center is mandatory for the SYBSC students, so we are seeking your permission to conduct an educational visit to Fishery Center, Hadapsar, Pune, on 21st September 2023, Thursday.

There would be 50 students, including 02 faculty members. Being students of Zoology, this visit would help in better understanding of various concepts of Fish breeding. The purpose of this visit is to introduce students to Fish varieties, polyculture, induced breeding and other related topics. We intend to look around the entire Fishery Center to our students with the help of your guide.

We will reach there by 10 am and we will spend complete day over there. So please guide us for the same.

**Activity Name :- Industrial Visit / Field Visit**

**Event Date: 14<sup>th</sup> Feb 2024.**

**Event Venue: Barclays Office, Kharadi.**

BCA SCI Department organize Industrial Visit on 14<sup>th</sup> February 2024 .

The event comprised two distinct sessions, each encouraging meaningful interaction between students and volunteers. In each session, a dedicated 20-minute window was allocated for engagement.

This intentional time frame allowed for a focused exchange of ideas, experiences, and insights. After the initial 20 minutes, a strategic swap was made, where students transitioned to interact with a different set of volunteers. This deliberate rotation not only broadened the scope of conversations but also provided students with the valuable opportunity to engage with a diverse range of perspectives and experiences. The event comprised two distinct sessions, each encouraging meaningful interaction between students and volunteers. In each session, a dedicated 20-minute window was allocated for engagement. This intentional time frame allowed for a focused exchange of ideas, experiences, and insights.

BCA SCI department arranged an event to enhance the skills and knowledge to students. A comprehensive training session was conducted by Magic Bus's trainers, covering crucial topics such as Financial Literacy, Digital Literacy, and Employability Skills. Post two-day training program, the students were taken on a visit to Barclays' corporate office, providing them with a firsthand experience of the corporate environment.

Industrial tours can help students get the perspective of the working of an industry as well as students improve communication skill, increase self confidence . It gives first-hand experience of the work atmosphere in an industry. Students can witness live events and activities in a business space through industrial visits.

**Subject: - Regarding permission for a Study visit at KF Bioplant, Pune.**

Respected Sir,

Bharatiya Jain Sanghatana's College of Arts, Science, and Commerce is a part of Wagholi Educational Rehabilitation Center (WERC) with not only the aim of achieving academic excellence and inculcating value in education, physical training, and mental wellbeing in our students and practical training for students.

With these objectives and as per the practical syllabus of S.Y.B.Sc students a visit to the floriculture institute is mandatory as this will help students to know the new techniques, and commercial values and help them practically to know recent advances in the floriculture industry.

**KF Bioplant, Pune** is one of the most renowned institutes with a combination of all scientific, technical, and global industries. We would like to conduct a **one-day visit** with our **3 faculty members and 40 students** to showcase scientific work and instrumentation at Tissue Culture Departments, Green House as the work carried out here is of international standards. It would be a great pleasure to interact with scientists working in your renowned institute.

**Hence, we request you grant us permission to visit your renowned institute on 1 November 2023.**

Regards

Activity: *One-Day Workshop on AC-DC Rechargeable LED Bulb Manufacturing*

Day & Date: Sunday, 15<sup>th</sup> October 2023

Time: 9:00 am to 5:00 pm

15th October 2023 is celebrated as National Innovation Day to mark the birth anniversary of the late aerospace scientist, educator, and former president Dr. APJ Abdul Kalam. A one-day workshop on AC-DC Rechargeable LED bulb manufacturing was organized by the Department of Physics, for the students of Bharatiya Jain Sanghatana's ASC College and Wagholi Rehabilitation Centre (WERC). The main objective of the workshop was to manufacture rechargeable LED Bulb in bulk quantity in a cost-effective way and to develop electronic skills in the participants. The program also aims to make the community aware of the importance and usefulness of rechargeable led bulb. The workshop adopted processes such as lecture sessions, demonstrations, discussions and group work. The workshop started with an inauguration ceremony and was inaugurated Dr. Avinas V. Rokade, resource person at SPPU, Pune. There were over 150 number of participants who made the workshop a great success. The program was conducted from 9 am to 5 pm.

The workshop started with lightening the lamp marking Dr. APJ Abdul Kalam's birth anniversary then honoring our Chief guest Dr. Avinash V. Rokade, Hon. Sureshji Salunke, Dr S.D Gaikwad sir and Sub Lt. Dr. Shivaji M. Sonawane speak few words on workshop. Dr. Avinash V. Rokade deeply explains How to manufacture LED bulb, Awareness about lab maintenance, electrical component, practical application etc. It was a lively interactive session after that participant were divided into 5 group and started manufacturing rechargeable LED bulb under the assistance of NCC Cadets. Participant put in their effort to make 200 rechargeable LED bulb.

It was a great opportunity for the participants and cadets to develop practical skills. The workshop was concluded with the valedictory session Prof. Vipul Ghemud, Prof. D D Gaikwad, Prof. Pradip Avhad, Librarian Prof. Sameer More, Mr. Aditya Gawade, Mr. Kamlesh Jain, Mr. Tiwari, Hostel staff members, all NCC cadets and all teaching and non-teaching staff make great efforts for the successful organization of this workshop.

## Outcomes of workshop

### Energy saving!

- LED bulbs save almost 90 % energy consumption than the traditional tungsten filament bulbs.
- Due to no heating, the life span of the LED bulb increases by 5-6 times.
- More than 70 % of electricity supplied to LED gets converted to light.

### Environment friendly! 'Join the Green Side'.

- LED consists of non-toxic elements which make it environment friendly. The hazardous elements like lead and mercury are absent in LED.
- LED bulbs utilize all the electrical energy for creation of light; hence there is no heating effect, which reduces the green-house effect and emission of harmful UV and IR radiations.
- Maximum efficiency of LED bulbs saves the fuels required for creation of electricity, saving the environment.

### Academic gain!

- Students understood the importance of LED in energy saving and how it is environment friendly.
- They manufactured the LED bulbs themselves which was an experience of lifetime.
- They got practical knowledge of start-up with minimum funding.
- The process of start-up registration, application for government schemes and subsidiary, and marketing was discussed in detail.

### Benefit for the Institute.

- Total 85 students benefitted from the workshop. These students will further spread the word of 'Go Green' and importance of LED bulbs for energy saving.
- Students manufactured 75 LED bulbs which can be submitted to College, these can be used for Hostel, School, and College or donated to nearby villages to spread light and environment friendly message.
- A 12 W LED bulb provides light equal to 100 W tungsten filament bulb. Hence, it saves almost 90 % energy, which can be easily observed from the electricity bill after installation.
- The workshop will increase the employment and assist in placement due to the skills learnt by the students.

### Skill India!

- In accordance with the 'Skill India' and 'Make in India', the students were trained for manufacturing AC-DC LED Bulbs.
- The students will benefit from this workshop and start their own business.

7. Program Details:

In the Academic year 2023-2024, Environmental Science, Zoology and Botany departments together organized survey of Plants and animals, cleaning and taking care of all plants on Green Sunrise hill, Radheshwari, Wagholi on 19<sup>th</sup> March 2024. Total 38 students were participated in this program. On this occasion, Mr. Chandrakant Naktode, President Green Sunrise Hill, Wagholi, guided the students about various varieties of plants and animals found on the hill, their rearing and protection and how to take care of the plants and animals in summer season. Our Ex-student Mr. Yogesh Satav, (HR, Weikfield Company, Bakori) also shared his valuable thoughts on protecting such small hills and also appreciated the BJS college efforts towards green initiatives.

Dr. Sadiya Shaikh, Head of the Environmental Science department took initiatives to organize this program. Dr. D.N. Patil organised survey of the plants guided students in identification of plants and Dr. Tejal Deokar organized animal survey.

Dr. Sadiya Shaikh, Head of the Environmental Science, Dr. Madhuri Deshmukh (Head, of the Zoology dept.) and Dr. D.N. Patil Head of the Botany Department organized the whole program. Dr. Sanjay Gaikwad (Principal) guided them for the program.
