Activity Report

Activity Name :- Poster Making and Presentation

Activity Duration :- 23/10/2023

Beneficiary - SYBCA SCIENCE

Bharatiya Jain Sanghatana's Art Science and Commerce College Poster Making
Activity was organized for S.Y. BCA Science students. S.Y. BCA Science Students actively participated in different subjects of the academic year , trying to understand and Prepare Attractive Poster regarding their selected subject and present Project in the best possible way.

It was attended by 70 students from the S.Y. BCA Science Department. Students selected and actively participated in different topics during the presentation , trying to understand and study each subject as much as possible and how to present it in the best way possible. The purpose of this Activity is to ensure the overall development of the students with Self Confidence and stage courage .

Through this initiative, efforts are made by the department to complete stage courage, soft skill development, pronunciation, proper English communication of the students. Students prepare the different topics related to the syllabus and explain it with confidence and efficiently they try to improve their self. Principal Dr Sanjay Gaikwad and Science Incharge Dr Manisha Bora visit to the student and guide them according to their subject.

SY BCA SCIENCE Students Attending Session and presenting Poster .

- Students Discuss within Presentation for question, shortly Question Answer Session and group discussion regarding poster .

			TOTAL	167	251	418

4. Objective of Activity : To facilitate a better understanding of the text and to develop critical thinking about the changes made in the original script to adapt for audio-visual platforms.
5. Outcome of Activity : Better understanding of Short story as a literary genre.
6. Name of Organizers : Dr. Monika Jain
7. Special Remarks : The students discussed the differences in text and the movie adaptation. Throughout the year different movie adaptations, ICT lectures and documentaries were screened for all classes.
8. Feedback received from Students / Participants: - It is very useful for understanding the Short stories. Blended learning technique is a good learning experience.

Department of BBA (CA)

Report on "PPT Presentation Competition"

Topic	"PPT Presentation Competition"
Resource Person/Facilitator	BBA(CA) Staff
Date of the Event	28/03/2024
Time of the Event	10:00 to 12:00 pm

Summary

Bharatiya Jain Sanghatana's Arts, Science, Commerce College, Wagholi, Pune, The BBA (CA) Department had organized the competition on PPT Presentation on 28th March 2024.

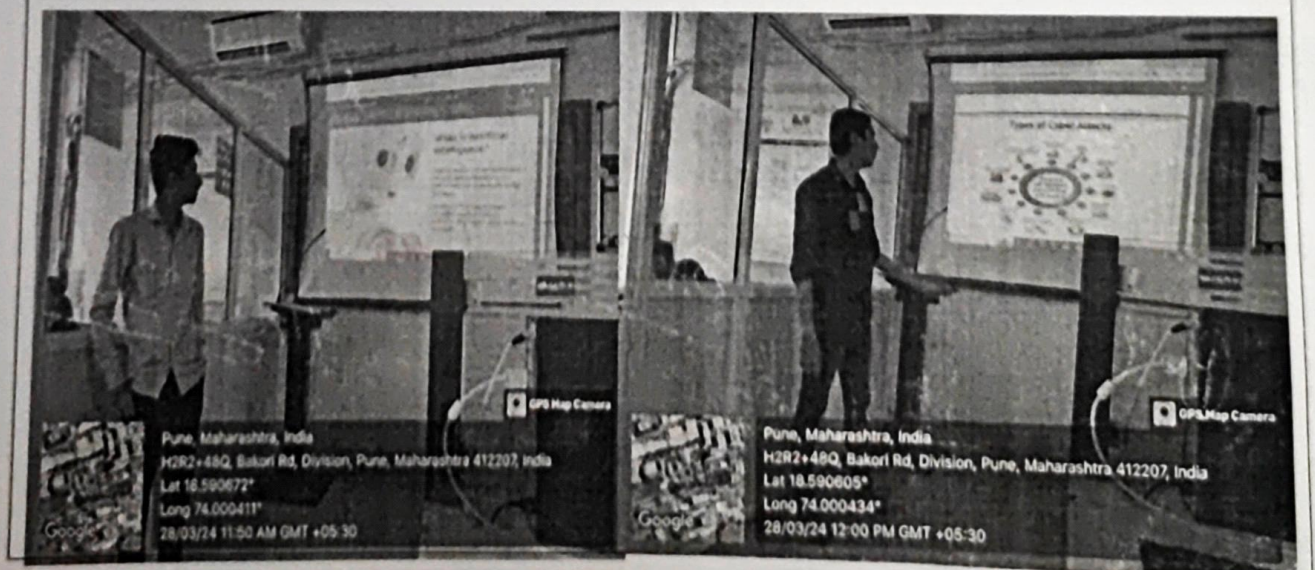

Table were discussed the following points

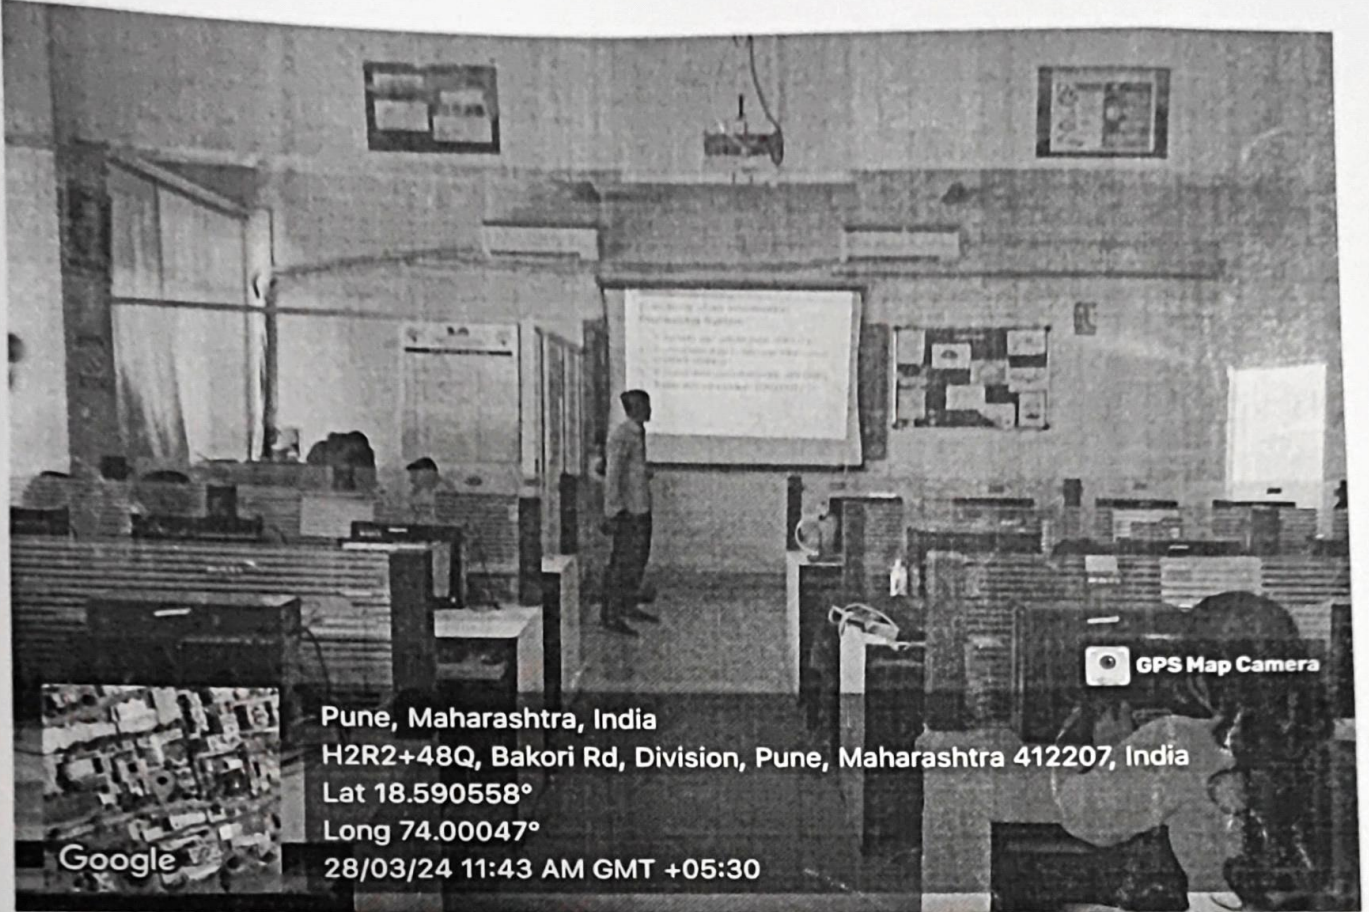

1. Identify presentation purpose & define key points
2. Understands your audience expectations.
3. Deliver content through audio, video and oral channels.
4. How to prepare PPT.
5. How to present a PPT effectively.

The idea behind organizing "Competition on PPT Presentation" was to make the students understand PPT uses and benefits of time saving and creating, presenting data with more interactive manner.

42 Students were participated and got knowledge about how to how to make & present an effective and powerful presentation.

Glimpses :

Regards.

Activity Report 2023-24

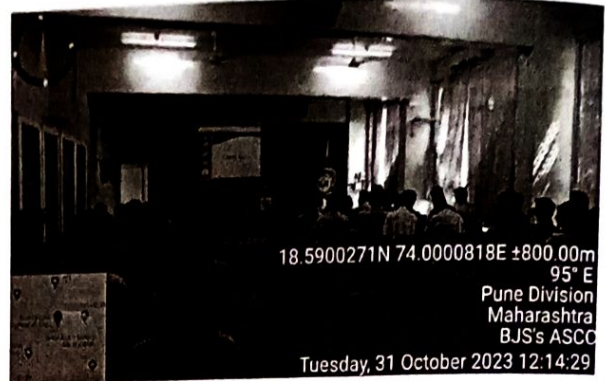

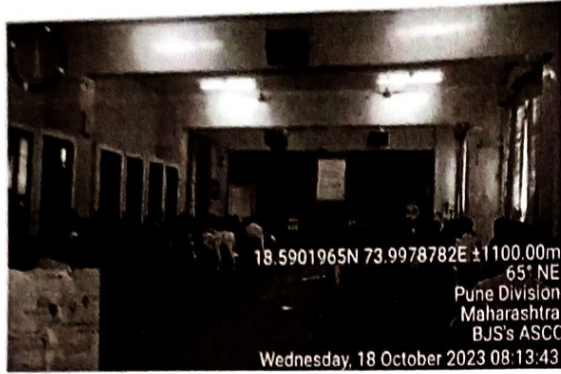

Department: English

1. Activity Name / Title : PPt presentations and role play presentations by Students
2. Status of Activity : Completed
3. No. of Beneficiaries and details of activity :

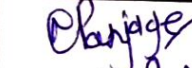

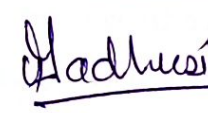

S. No	Date	Class	Title of Activity	Present Students		
				Male	Female	Total
1	17-18 Oct 2023	FYBCom	PPt Presentations by Students	13+ 14= 27	47+ 53= 100	60+ 67= 127
2	31 Oct 2023	SYBCA	PPt Presentations and Role Plays by students	37	28	65

4. Objective of Activity : To acquaint students with PPt presentations. To instill confidence of presenting from stage in front of people.
5. Outcome of Activity : Proficiency in using PPts and confidence in presenting
6. Name of Organizers : Dr. Monika Jain
7. Special Remarks : The students prepared the PPts in groups on the topic assigned to them. Later, they practiced and presented in front of class while the evaluation was done by the teacher, Dr. Jain, and relevant feedback on improvement was given.
8. Feedback received from Students / Participants: - It is very useful for understanding the do's and don'ts during a presentation. It also promotes teamwork.

Bhratiya Jain Sanghatana's ASC College, Wagholi, Pune
Program Activity Report (2023-2024)**Committee/ Department : Zoology****Date:- 18 March 2024**

1. Activity Name / Title : Seminar On Animal Diversity IV and Applied Zoology II
2. Day / Date / Venue : 18 March 2024, Room No.-23
3. No. of Beneficiaries :

No. of Students (Class wise)	Male	Female	Total
SYBSC	01	07	08

4. Name of Organizers : Dr. Tejal Deokar.

5. Objective of Activity:
- 1.To inculcates awareness of communication skills in the students.
 2. To promote and motivate advance students to speak effectively.
 3. To share the information about Rat, apiculture and fishery.

6. Outcome of Activity : The students collect more information on given topics.

7. Program Details : Dr. Tejal Deokar organized seminar of SYBSC students on Rat, apiculture and fishery. This task was given to advance learners. They make power point presentations on given topics. The students participated actively in this program. All the students shared their ideas and information about their topics. Total 08 students participated in this seminar.

8. Program Photos:

Seminar Report

- **Seminar Theme:** Innovative solutions for sustainable futures
- **Organizers:** ISAS Pune Chapter and Prof. H. J. Arnika Trust in association with Science Faculty, Bharatiya Jain Sanghatana's ASC College, Wagholi, Pune-412207
- **Date, Time and Venue:** Thursday, 08th February 2024 at 10.30 a.m., Venue: BJS Gallery

Event Report: The event was started at 10.40 a.m. on Thursday, 08th February 2024 at BJS Gallery. At the beginning, welcome speech was delivered by Principal Dr. Sanjay Gaikwad. Thereafter, Deep Prajwalan was done at the auspicious hands of Speakers and all delegates. Prof. Dr. Manisha Bora, coordinator of the seminar introduced Dr. Nilima Rajurkar, Chairperson, ISAS Pune Chapter and Secretary, Prof. H. J. Arnika Trust, followed by her felicitation with the hands of Principal Dr. Sanjay Gaikwad. Dr. Nilima Rajurkar shared information about various activities of ISAS Pune chapter and Prof. H. J. Arnika Trust. Dr. Rupali Gulalkari, HoD Chemistry Department introduced first speaker of the seminar Dr Dilip Chate. His felicitation was done with the hands of Principal Dr. Sanjay Gaikwad. Dr. Chate delivered his lecture on Air quality scenarios over local climates. Second speaker of the session Dr. Parag Adhyapak was introduced and felicitated by Dr. D. N. Patil, HoD Botany Department. He delivered lecture on Nanotechnology: A big journey to the small world. The lecture was followed by question & Answer session. Dr. Sunil Kulkarni was introduced and felicitated by Dr. Shivaji Sonawane, HoD Physics Department. He delivered lecture and took hands-on training on Colorimetry: The Fundamentals and Use of Smartphones as Colorimeter. The session was then followed by Q. &A. Many students and Teachers interacted and took part in Q&A session. 76 students of MSc and BSc with 12 faculty members were present for the seminar. Handing over the Certificates of excellence and memento to each Speaker of the seminar was done with the hands of Dr. Nilima Rajurkar after their sessions. She also felicitated Principal Dr Sanjay Gaikwad and Coordinator Dr. Manisha Bora for organizing the seminar at BJS College. Lastly, Dr. Madhuri Deshmukh, IQAC coordinator, delivered the Vote of Thanks followed by group photograph. The comparing of the event was done by Ms. Tejswini Kute, SYBSc student, BJS College, Wagholi, Pune. The lectures were well appreciated by all the participants and enjoyed the various topics of the seminar.

- **Abstract of the Talk I: Air quality scenarios over local climates By Dr. Dilip M. Chate, Sr. Env. Advisor C-DAC, Former Scientist 'F' IITM, Pune**

Climate change is strongly mediated by weather, environmental and population determinants. Climatic indicators are directly and indirectly contributing to humanitarian emergencies from extreme air quality events (health hazards, crop yields reduction, ecosystem damages, etc.) and weather-induced heat waves, wildfires, floods, tropical storms.

Innovative solutions for sustainable futures, 8 Feb 2024, Science Faculty Event

They are increasing in scale, frequency and intensity. Research shows that globally 3.6 billion people already live in areas highly susceptible to climate change. While the natural disasters cannot be prevented or controlled, the loss of lives and damage to property can be substantially minimized by issuing accurate data-driven alerts through citizen scientists for the probable impact of hazards. Large volumes of datasets for variety of weather and air quality parameters are available from the institutes/departments under the Ministry of Earth Sciences (Govt. of India), Central & State Pollution Control Boards (CPCB/SPCBs), National and State Disaster Managements, Central Water Commission (CWC), India Urban Data Exchange (IUDX) platform, etc. Surface air quality dataset consists of CO₂, CO, SO₂, NO₂, O₃, PM₁₀, PM_{2.5}, NH₃, and Benzene and their measurements are conducted by the (CPCB/SPCBs, <https://www.cpcb.nic.in>) at 538 continuous air quality monitoring stations over India. An overview will be discussed of climate-sensitive health risks, their exposure pathways and vulnerability factors. Topics will be covered such as on impact of hydro-meteorological hazards on crop production, disaster risk reduction and impact of air-pollution on agriculture (crop yield - Wheat, Rice, Soybeans, Cotton), atmospheric chemical processes in the troposphere (air quality simulation) and emission mitigation measures to O₃-induced wheat and rice yield loss in India. I will present reduction of carbon equivalent emissions through policy-induced measures for better transport, food and energy use choices that results in very large gains for health and crop yields through reduced air pollution/public awareness.

- **Abstract of the Talk II: Nanotechnology: A big journey to the small world By Dr. Parag V. Adhyapak, Scientist 'D', Nanomaterial Laboratory, C-MET, Pune**

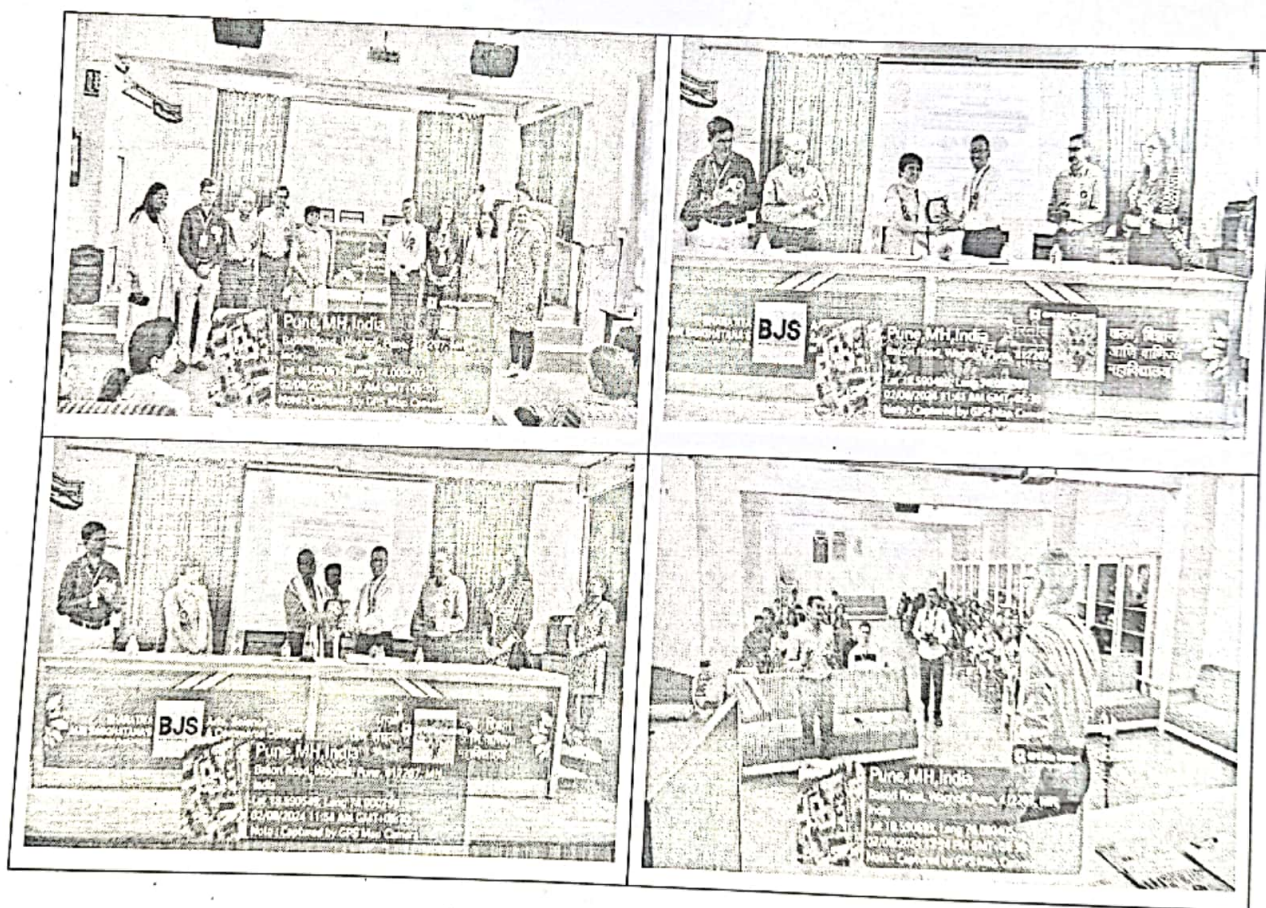

Nanotechnology is the branch of science that deals with natural and synthetic materials in the range of ~ 1 – 100 nm. Nanotechnology includes the research and technologies devoted to experiments, designing, producing devices, and systems by manipulating materials at nano scale level. Nowadays, most of the products are manufactured by using nano scale materials. In general, nanomaterials can be broadly classified as zerodimensional (0D) quantum dots, one-dimensional (1D) nanorods, nanowires, nanotubes, two dimensional (2D) nano sheets, nano films, and three-dimensional (3D) nano cubes. These nano materials can be synthesized using different approaches such as top-down and bottom-up approach and various physical as well as chemical techniques are available to synthesize these materials. All these nano materials have wide range of application areas like electronics sector, information and communication sectors, food technology, energy technology, biotechnology and health sector etc. This talk covers the journey of nanotechnology in terms of materials development and various application aspects.

- **Abstract of the Talk III: Colorimetry: The Fundamentals and Use of Smartphones as Colorimeter By Dr. Sunil D. Kulkarni, Associate Professor, Dept. of Chemistry, S. P. College, Tilak Road, Pune**

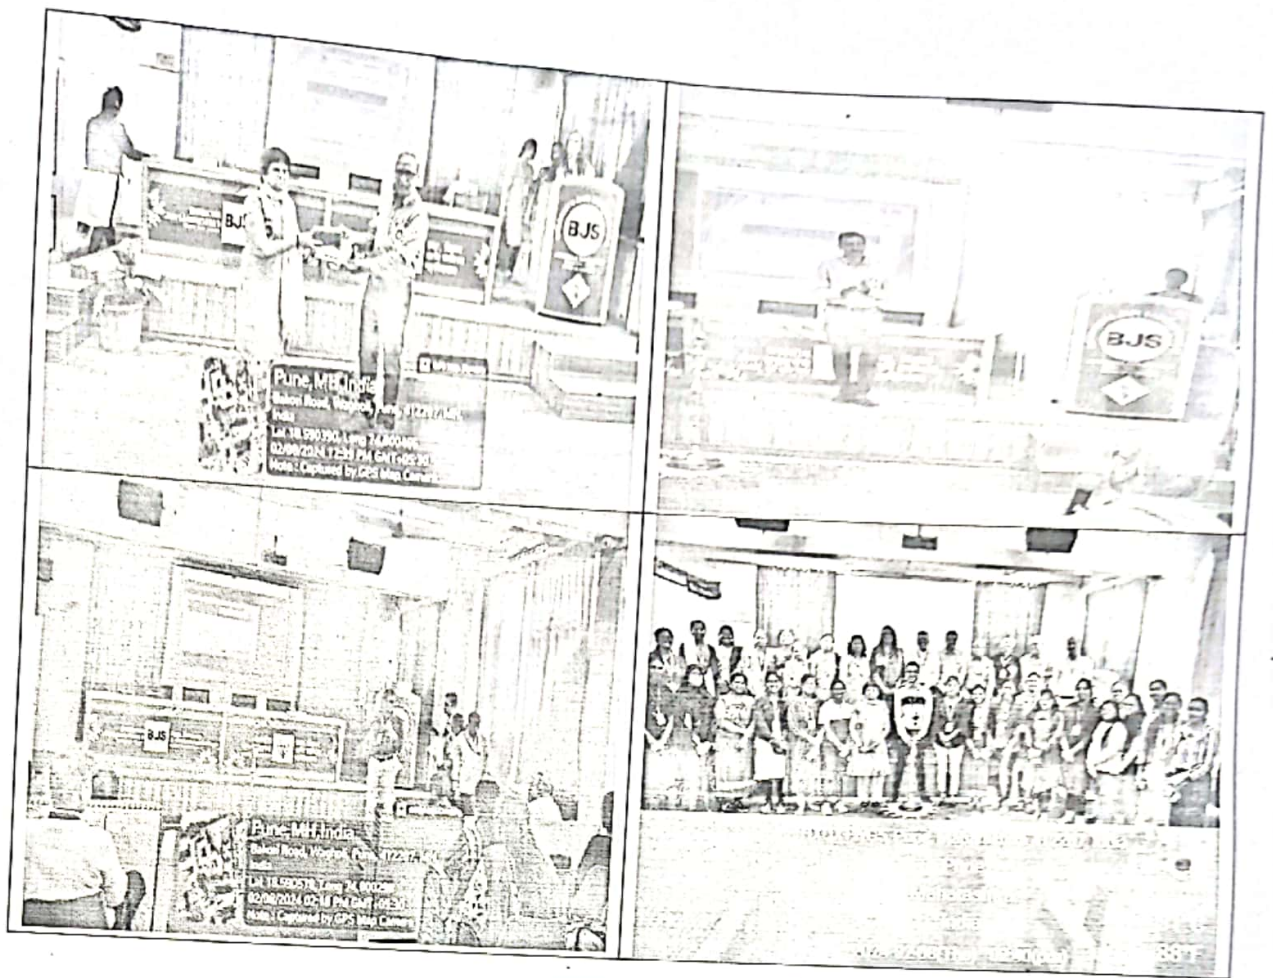

Spectrophotometers and colorimeters (old name: photometers) are among the most common instruments in any chemistry laboratory. They are extensively employed for the

materials' quantitative (sometimes qualitative) analysis. Colorimeters are used to analyze the transparent colored sample solutions. Quantitative analysis of the liquid solutions in the colorimetric technique is based on Beer's law, which says that the absorbance of a solution is directly proportional to the concentration of the substance in the solution while the sample path length is constant. However, due to limited resources in many high schools and colleges and the need to develop virtual labs, building inexpensive and straightforward absorption spectrophotometers and colorimeters has become imperative. This is far more significant in the current scenario when the need to develop 'out-of-lab' and 'virtual teaching' is essential. The colorimetric smartphone analysis could be a good option for students and researchers. A smartphone contains all the vital components of a colorimeter, i.e., a light source and a photo-detector in the form of a digital camera. The present work aims to elaborate on the fundamental aspects of describing the use of smartphones as a colorimeter using simple image analysis. It is expected that even undergraduates and high school students can make colorimeters at home and perform the colorimetric analysis using a smartly constructed calibration curve.

Activity Report Academic Year -2023-2024

Activity Name :- Seminar From Students

Activity Duration :-From 18/10 2023 to 21/10/2023

Beneficiary - TYBCA SCIENCE

Bharatiya Jain Sanghatana's Art Science and Commerce College A seminar was organized for BCA Science third year students within 4 days from 18/10/2023 to 21/10/23. It was attended by 80 students . T Y BCA Science Students selected and taught and actively participated in different subjects of the academic year, trying to understand and study each subject as much as possible and how to present it in the best possible way.

It was attended by 80 third-year students from the T Y BCA Science Department. Students selected and taught and actively participated in different topics during the academic year, trying to understand and study each subject as much as possible and how to present it in the best way possible.

The purpose of this seminar program is to ensure the overall development of the students with Self Confidence and stage courage .

Bharatiya Jain Sanghatana's ASC College, Wagholi, Pune-412 207

Through this initiative, efforts are made by the department to complete stage courage, soft skill development, pronunciation, proper English communication of the students. Students prepare the different topics related to the syllabus and explain it with confidence and efficiently they try to improve their self.

- TY BCA SCIENCE STudents Attending the seminar .

- Students Discuss within Seminar for their question, shortly Question Answer Session and group discussion
