Activity: *One-Day Workshop on AC-DC Rechargeable LED Bulb Manufacturing*

Day & Date: Sunday, 15<sup>th</sup> October 2023

Time: 9:00 am to 5:00 pm

15th October 2023 is celebrated as National Innovation Day to mark the birth anniversary of the late aerospace scientist, educator, and former president Dr. APJ Abdul Kalam. A one-day workshop on AC-DC Rechargeable LED bulb manufacturing was organized by the Department of Physics, for the students of Bharatiya Jain Sanghatana's ASC College and Wagholi Rehabilitation Centre (WERC). The main objective of the workshop was to manufacture rechargeable LED Bulb in bulk quantity in a cost-effective way and to develop electronic skills in the participants. The program also aims to make the community aware of the importance and usefulness of rechargeable led bulb. The workshop adopted processes such as lecture sessions, demonstrations, discussions and group work. The workshop started with an inauguration ceremony and was inaugurated Dr. Avinas V. Rokade, resource person at SPPU, Pune. There were over 150 number of participants who made the workshop a great success. The program was conducted from 9 am to 5 pm.

The workshop started with lightening the lamp marking Dr. APJ Abdul Kalam's birth anniversary then honoring our Chief guest Dr. Avinash V. Rokade, Hon. Sureshji Salunke, Dr S.D Gaikwad sir and Sub Lt. Dr. Shivaji M. Sonawane speak few words on workshop. Dr. Avinash V. Rokade deeply explains How to manufacture LED bulb, Awareness about lab maintenance, electrical component, practical application etc. It was a lively interactive session after that participant were divided into 5 group and started manufacturing rechargeable LED bulb under the assistance of NCC Cadets. Participant put in their effort to make 200 rechargeable LED bulb.

It was a great opportunity for the participants and cadets to develop practical skills. The workshop was concluded with the valedictory session Prof. Vipul Ghemud, Prof. D D Gaikwad, Prof. Pradip Avhad, Librarian Prof. Sameer More, Mr. Aditya Gawade, Mr. Kamlesh Jain, Mr. Tiwari, Hostel staff members, all NCC cadets and all teaching and non-teaching staff make great efforts for the successful organization of this workshop.

## Outcomes of workshop

### Energy saving!

- LED bulbs save almost 90 % energy consumption than the traditional tungsten filament bulbs.
- Due to no heating, the life span of the LED bulb increases by 5-6 times.
- More than 70 % of electricity supplied to LED gets converted to light.

### Environment friendly! 'Join the Green Side'.

- LED consists of non-toxic elements which make it environment friendly. The hazardous elements like lead and mercury are absent in LED.
- LED bulbs utilize all the electrical energy for creation of light; hence there is no heating effect, which reduces the green-house effect and emission of harmful UV and IR radiations.
- Maximum efficiency of LED bulbs saves the fuels required for creation of electricity, saving the environment.

### Academic gain!

- Students understood the importance of LED in energy saving and how it is environment friendly.
- They manufactured the LED bulbs themselves which was an experience of lifetime.
- They got practical knowledge of start-up with minimum funding.
- The process of start-up registration, application for government schemes and subsidiary, and marketing was discussed in detail.

### Benefit for the Institute.

- Total 85 students benefitted from the workshop. These students will further spread the word of 'Go Green' and importance of LED bulbs for energy saving.
- Students manufactured 75 LED bulbs which can be submitted to College, these can be used for Hostel, School, and College or donated to nearby villages to spread light and environment friendly message.
- A 12 W LED bulb provides light equal to 100 W tungsten filament bulb. Hence, it saves almost 90 % energy, which can be easily observed from the electricity bill after installation.
- The workshop will increase the employment and assist in placement due to the skills learnt by the students.

### Skill India!

- In accordance with the 'Skill India' and 'Make in India', the students were trained for manufacturing AC-DC LED Bulbs.
- The students will benefit from this workshop and start their own business.

7. Program Report :

BJS College organized 'Workshop on Code of Conduct' on 14 August 2023. Dr.Smita Phatangare delivered a lecture on the concept of 'code of conduct' and introduced the students all the guidelines of UGC regarding it. Near about 100 students attended the workshop. This workshop was organized to inculcate values and morals in the students and to give them information related with behavioral rules and regulations required in college premises accurately. We got immense results from this workshop as all the students improved their behavior and started to follow the guidelines. Dr.S.V.Gaikwad (Principal) and Dr. Madhuri Deshmukh (IQAC co-ordinator) guided and helped to run this program smoothly.

## माजी विद्यार्थी संघटनेद्वारे बीजेएस कॉलेजमध्ये महिला स्नेह मेळावा उत्साहात संपन्न

दिनांक १० मार्च २०२४

कोरेगाव भिमा - वाघोली (ता.शिरूर) येथे पंचवीस वर्षांपूर्वी शिक्षण घेतलेल्या अनेक माजी विद्यार्थिनींनी जागतिक महिला दिनाचे औचित्य साधत कॉलेजमध्ये माजी विद्यार्थिनी महिला स्नेह मेळावा आयोजित करण्यात आला होता.

मेळाव्याच्या उद्घाटन प्रसंगी माजी विद्यार्थिनी डॉ. सारिका बहिरट म्हणाल्या, प्रत्येक स्त्रीमध्ये अनेक कला गुण दडलेले असून आज त्याचे प्रकटीकरण होताना सर्वत्र दिसत आहे म्हणूनच त्या सर्व क्षेत्रात आघाडीवर आहेत. तर ज्येष्ठ समाजसेविका मंदाताई यांनी, प्रत्येक पुरुषाच्या जीवनात स्त्रियांची भूमिका अत्यंत महत्त्वाची असून ती मुलगी, बहीण, पत्नी व आई अशी चतुरंग भूमिका निभावित असते.

राजकीय, सामाजिक, सांस्कृतिक, प्रशासकीय व खेळ अशा विविध क्षेत्रात उंच भरारी घेणाऱ्या बीजेएस कॉलेजच्या माजी विद्यार्थिनींचा सन्मान केला. त्यावेळी शिक्षण घेत असताना येणाऱ्या समस्यांना कशा पद्धतीने तोंड देत शिक्षण घेतले त्याबद्दलची व्यथा अनेक विद्यार्थिनींनी मनोगतनातून उलगडून दाखविली.

मनोरंजन कार्यक्रमातील खेळ खेळत मुलींनी आनंद घेतला. कार्यक्रमाच्या प्रसंगी डॉ. माधुरी देशमुख, डॉ. एस. व्ही. गायकवाड, डॉ. डी. एन. पाटील उपस्थित होते. कार्यक्रमाचे प्रस्ताविक डॉ. भूषण फडतरे यांनी केले. सूत्रसंचालन डॉ. सहदेव चव्हाण यांनी तर आभार स्वाती पाचुंदकर यांनी मांडले. कार्यक्रमाचे नियोजन डॉ. भूषण फडतरे, डॉ. मनीषा बोरा, डॉ. रमेश गायकवाड, डॉ. ज्योती थोरात, प्रा. हनुमंत जगताप, प्रा. सुवर्णा पाटील, गिरीश शहा, म्हस्कू शिंगाडे, कुसुम दुबे, मयूर भुजबळ, कुणाल बेंडभर, आशिष शिंदे व विनय ढमढेरे यांनी केले.

Department of Physics, BJS's Arts, Science & Commerce College, Pune is organizing a Five-day internship program “MAKEATHON -2024 “on “Digital fabrication tools and Solar cell technology for the girls of science faculty. The primary objective of this program is to introduce rural girl students to digital fabrication tools and processes like 3D printing, laser cutting, electronic production, programming, and solar energy applications for skill up gradation and gaining awareness about new opportunities. This program was organized in collaboration with Vigyan Ashram, Pabal. This course aimed at educating and training students in harnessing solar energy and increasing self-employment. Dassault Systemes Foundation, Pune is supporting this initiative by covering the project material cost, accommodation, and meals for the participants.

This course consisted of 40 lectures, including practical sessions. A program was conducted from 5-9 February 2024 regarding the guidelines of the training program. The practical training part was covered by on-site training during the course. The technical sessions were conducted by Miss. Dipali Kamble, 3D Printing Technology, Pune, and Mr. Suhar Labade, FAB LAB Manager, Mr.Suhas Bhosale, Solar Technology.

The Business opportunities in the solar energy field, calculating electricity load, and design and installation of solar panels, solar inverters, water heaters, and other solar appliances; were covered in the program. After the guidance of the course, an assignment and a project were conducted for the assessment of the participants. A total of 26 students from the college was participated and completed the course successfully. Certificates for the successful students were

Arnika Trust, followed by her felicitation with the hands of Principal Dr. Sanjay Gaikwad. Dr. Nilima Rajurkar shared information about various activities of ISAS Pune chapter and Prof. H. J. Arnika Trust. Dr. Rupali Gulalkari, HoD Chemistry Department introduced first speaker of the seminar Dr Dilip Chate. His felicitation was done with the hands of Principal Dr. Sanjay Gaikwad. Dr. Chate delivered his lecture on Air quality scenarios over local climates. Second speaker of the session Dr. Parag Adhyapak was introduced and felicitated by Dr. D. N. Patil, HoD Botany Department. He delivered lecture on Nanotechnology: A big journey to the small world. The lecture was followed by question & Answer session. Dr. Sunil Kulkarni was introduced and felicitated by Dr. Shivaji Sonawane, HoD Physics Department. He delivered lecture and took hands-on training on Colorimetry: The Fundamentals and Use of Smartphones as Colorimeter. The session was then followed by Q. &A. Many students and Teachers interacted and took part in Q&A session. 76 students of MSc and BSc with 12 faculty members were present for the seminar. Handing over the Certificates of excellence and memento to each Speaker of the seminar was done with the hands of Dr. Nilima Rajurkar after their sessions. She also felicitated Principal Dr Sanjay Gaikwad and Coordinator Dr. Manisha Bora for organizing the seminar at BJS College. Lastly, Dr. Madhuri Deshmukh, IQAC coordinator, delivered the Vote of Thanks followed by group photograph. The comparing of the event was done by Ms. Tejswini Kute, SYBSc student, BJS College, Wagholi, Pune. The lectures were well appreciated by all the participants and enjoyed the various topics of the seminar.

- **Abstract of the Talk I: Air quality scenarios over local climates By Dr. Dilip M. Chate, Sr. Env. Advisor C-DAC, Former Scientist 'F' IITM, Pune**  
Climate change is strongly mediated by weather, environmental and population determinants. Climatic indicators are directly and indirectly contributing to humanitarian emergencies from extreme air quality events (health hazards, crop yields reduction, ecosystem damages, etc.) and weather-induced heat waves, wildfires, floods, tropical storms.

Innovative solutions for sustainable futures, 8 Feb 2024, Science Faculty Event

They are increasing in scale, frequency and intensity. Research shows that globally 3.6 billion people already live in areas highly susceptible to climate change. While the natural disasters cannot be prevented or controlled, the loss of lives and damage to property can be substantially minimized by issuing accurate data-driven alerts through citizen scientists for the probable impact of hazards. Large volumes of datasets for variety of weather and air quality parameters are available from the institutes/departments under the Ministry of Earth Sciences (Govt. of India), Central & State Pollution Control Boards (CPCB/SPCBs), National and State Disaster Managements, Central Water Commission (CWC), India Urban Data Exchange (IUDX) platform, etc. Surface air quality dataset consists of CO<sub>2</sub>, CO, SO<sub>2</sub>, NO<sub>2</sub>, O<sub>3</sub>, PM<sub>10</sub>, PM<sub>2.5</sub>, NH<sub>3</sub>, and Benzene and their measurements are conducted by the (CPCB/SPCBs, <https://www.cpcb.nic.in>) at 538 continuous air quality monitoring stations over India. An overview will be discussed of climate-sensitive health risks, their exposure pathways and vulnerability factors. Topics will be covered such as on impact of hydro-meteorological hazards on crop production, disaster risk reduction and impact of air-pollution on agriculture (crop yield - Wheat, Rice, Soybeans, Cotton), atmospheric chemical processes in the troposphere (air quality simulation) and emission mitigation measures to O<sub>3</sub>-induced wheat and rice yield loss in India. I will present reduction of carbon equivalent emissions through policy-induced measures for better transport, food and energy use choices that results in very large gains for health and crop yields through reduced air pollution/public awareness.

- **Abstract of the Talk II: Nanotechnology: A big journey to the small world By Dr. Parag V. Adhyapak, Scientist 'D', Nanomaterial Laboratory, C-MET, Pune**

Nanotechnology is the branch of science that deals with natural and synthetic materials in the range of ~ 1 – 100 nm. Nanotechnology includes the research and technologies devoted to experiments, designing, producing devices, and systems by manipulating materials at nano scale level. Nowadays, most of the products are manufactured by using nano scale materials. In general, nanomaterials can be broadly classified as zerodimensional (0D) quantum dots, one-dimensional (1D) nanorods, nanowires, nanotubes, two dimensional (2D) nano sheets, nano films, and three-dimensional (3D) nano cubes. These nano materials can be synthesized using different approaches such as top-down and bottom-up approach and various physical as well as chemical techniques are available to synthesize these materials. All these nano materials have wide range of application areas like electronics sector, information and communication sectors, food technology, energy technology, biotechnology and health sector etc. This talk covers the journey of nanotechnology in terms of materials development and various application aspects.

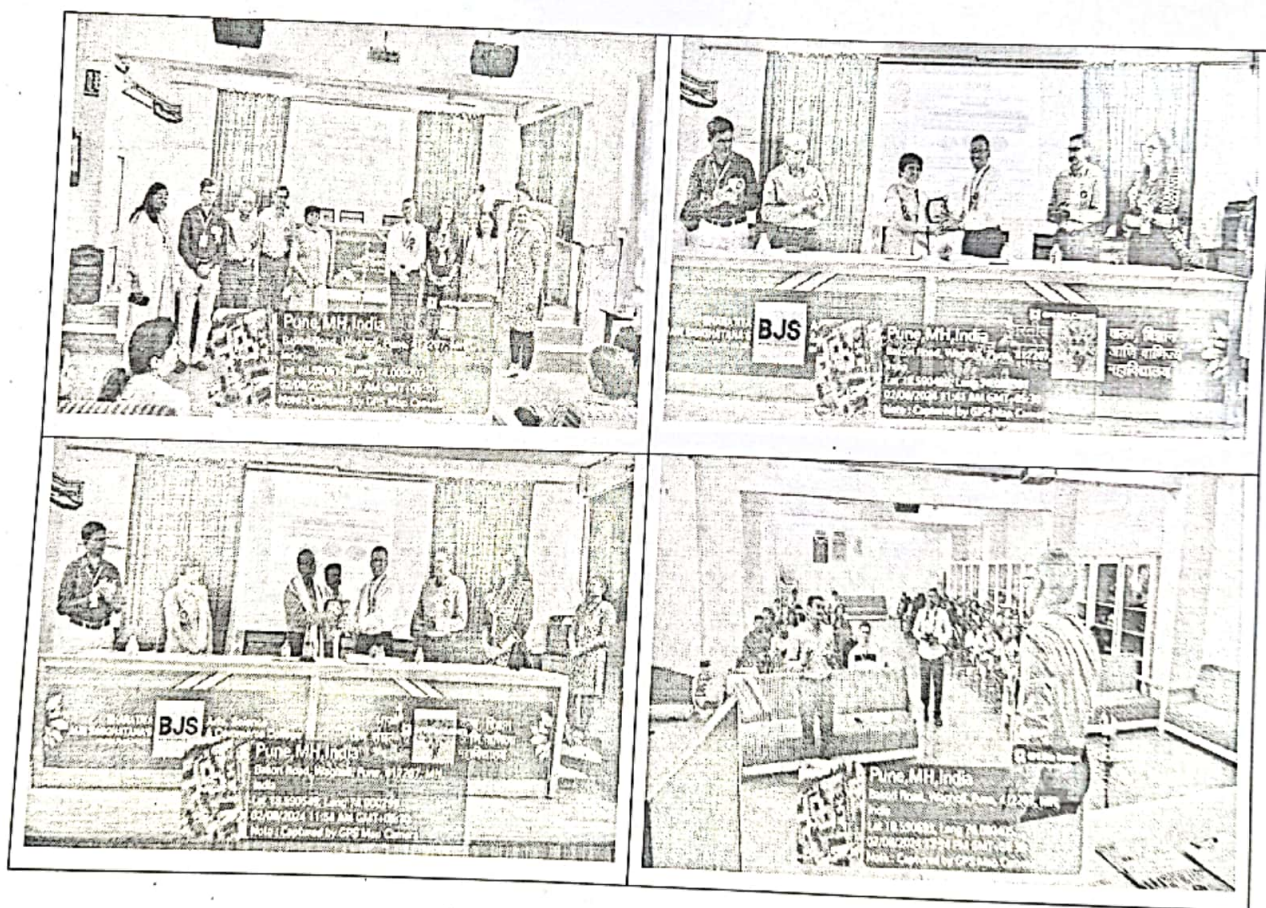

- **Abstract of the Talk III: Colorimetry: The Fundamentals and Use of Smartphones as Colorimeter By Dr. Sunil D. Kulkarni, Associate Professor, Dept. of Chemistry, S. P. College, Tilak Road, Pune**

Spectrophotometers and colorimeters (old name: photometers) are among the most common instruments in any chemistry laboratory. They are extensively employed for the

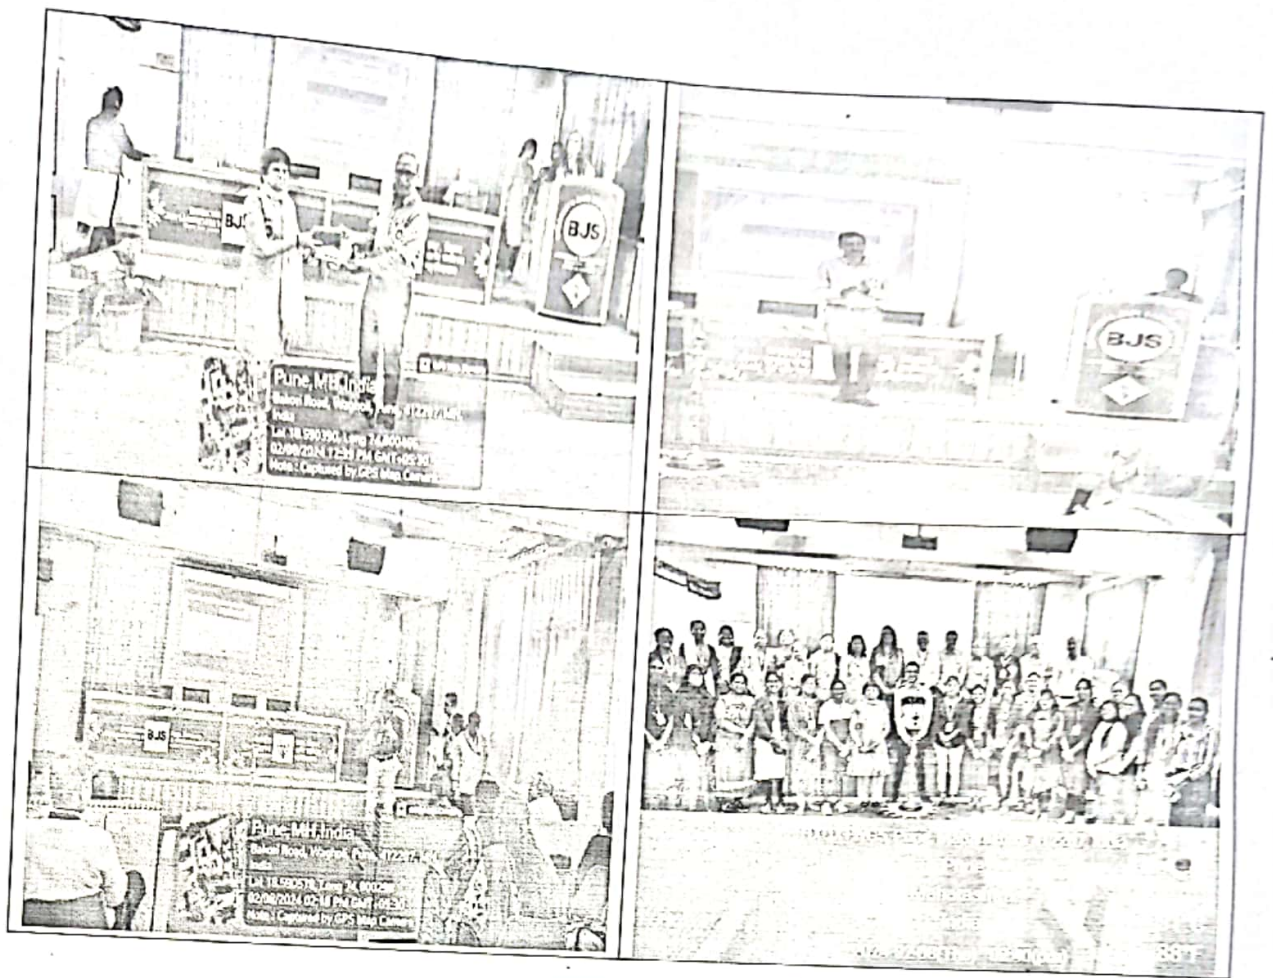

materials' quantitative (sometimes qualitative) analysis. Colorimeters are used to analyze the transparent colored sample solutions. Quantitative analysis of the liquid solutions in the colorimetric technique is based on Beer's law, which says that the absorbance of a solution is directly proportional to the concentration of the substance in the solution while the sample path length is constant. However, due to limited resources in many high schools and colleges and the need to develop virtual labs, building inexpensive and straightforward absorption spectrophotometers and colorimeters has become imperative. This is far more significant in the current scenario when the need to develop 'out-of-lab' and 'virtual teaching' is essential. The colorimetric smartphone analysis could be a good option for students and researchers. A smartphone contains all the vital components of a colorimeter, i.e., a light source and a photo-detector in the form of a digital camera. The present work aims to elaborate on the fundamental aspects of describing the use of smartphones as a colorimeter using simple image analysis. It is expected that even undergraduates and high school students can make colorimeters at home and perform the colorimetric analysis using a smartly constructed calibration curve.

**Dear Sir/ Madam,**

We are pleased to inform you that the **Department of Commerce, Bharatiya Jain Sanghatana's Arts, Science and Commerce College, Wagholi, Pune** is organizing a workshop/ guest lecture on the topic **Career Counseling** on Friday & 15/09/2023. We would like to invite you as a resource person for the workshop/ guest lecture.

We hope that your guidance and motivation will be helpful for the students. Please accept the invitation and acknowledge.

Thanking You.

**Activity Name :- Industrial Visit / Field Visit**

**Event Date: 14<sup>th</sup> Feb 2024.**

**Event Venue: Barclays Office, Kharadi.**

BCA SCI Department organize Industrial Visit on 14<sup>th</sup> February 2024 .

The event comprised two distinct sessions, each encouraging meaningful interaction between students and volunteers. In each session, a dedicated 20-minute window was allocated for engagement.

This intentional time frame allowed for a focused exchange of ideas, experiences, and insights. After the initial 20 minutes, a strategic swap was made, where students transitioned to interact with a different set of volunteers. This deliberate rotation not only broadened the scope of conversations but also provided students with the valuable opportunity to engage with a diverse range of perspectives and experiences. The event comprised two distinct sessions, each encouraging meaningful interaction between students and volunteers. In each session, a dedicated 20-minute window was allocated for engagement. This intentional time frame allowed for a focused exchange of ideas, experiences, and insights.

BCA SCI department arranged an event to enhance the skills and knowledge to students. A comprehensive training session was conducted by Magic Bus's trainers, covering crucial topics such as Financial Literacy, Digital Literacy, and Employability Skills. Post two-day training program, the students were taken on a visit to Barclays' corporate office, providing them with a firsthand experience of the corporate environment.

Industrial tours can help students get the perspective of the working of an industry as well as students improve communication skill, increase self confidence . It gives first-hand experience of the work atmosphere in an industry. Students can witness live events and activities in a business space through industrial visits.

**Department Of BCA (SCI)****Activity Report****Academic Year 2023-2024**

Activity Name :- Workshop On " Life Skill training and Interview Preparation "

Activity Duration :- 29 / 1 / 2024

Beneficiary - SY and TYBCA SCIENCE

Bharatiya Jain Sanghatana's Art , Science and Commerce College BCA Science department organized a Workshop On " Workshop On " Life Skill training " activity for BCA SCIENCE students .

To complete training session different trainers from Rubicon Pvt Ltd was appointed , Mr Bhushan Deodhar guided and trained to the students on basic concept and how to build different skills and how to face interview .

Interviewing skills are the emotional and tactical techniques that make job seekers more effective when interviewing for a new position. These skills are important to gain, just like the technical skills and workplace skills you need to perform well in a position.

By developing interviewing skills and practicing them throughout your professional journey, you can feel more confident about any upcoming interview and experience a more fulfilling career.

An aptitude test is quite vital for placements as it helps in enhancing the logical skills of the person and if someone is preparing for interviews then aptitude preparation is very much required. Hiring can be both off-campus and on-campus. It was attended by more than 100 students from T.Y. BCA Science and S.Y.

BCA SCI Students selected and actively participated in different topics during the session .

Activity Name :- Workshop On " Aptitude and Interview Preparation "

Activity Duration :- 30 /1 / 2024

Beneficiary - SY and TYBCA SCIENCE

Bharatiya Jain Sanghatana's Art , Science and Commerce College BCA Science department organized a Workshop On " Workshop On Aptitude and Interview Preparation " activity for BCA SCIENCE students .

To complete training session different trainers from Rubicon Pvt Ltd was appointed , Mr Ajay Mandale guided and trained to the students on basic concept and how to build different skills and how to face interview .

Interviewing skills are the emotional and tactical techniques that make job seekers more effective when interviewing for a new position. These skills are important to gain, just like the technical skills and workplace skills you need to perform well in a position.

By developing interviewing skills and practicing them throughout your professional journey, you can feel more confident about any upcoming interview and experience a more fulfilling career.

An aptitude test is quite vital for placements as it helps in enhancing the logical skills of the person and if someone is preparing for interviews then aptitude preparation is very much required. Hiring can be both off-campus and

Bridge Courses Report- 2023-24

### Department of Mathematics

In the academic year 2023-24 Faculty of science organized a short-term bridge course from 11/07/2023 to 22/07/2023. Mathematics Department took 7 lectures. During this course **Prof. Avhad Pradip** taught the basic concept of Mathematics like Number system, sets, relation, function, limit, derivative, congruences & complex Number. Near about 22 students participate in this course. Students are very happy after getting the basic knowledge.

Name of Teacher- Prof. Avhad Pradip

## Department of Statistics

In the Academic year 2023-2024, Faculty of Science organized a short term bridge course. The duration of course was 11 days which included 13 hours theory Lectures on all Science subjects. Statistics Department took total 8 lectures in this bridge course. A total number of 22 students participated for the course. During course taught basic statistics concepts, data collection methods, Probability, Applications of statistics, Applied statistics in day to day life and statistical analysis methods to the students. Examination for the course will be conducted on 22<sup>nd</sup> July 2023. At the end of the course students gain overall basic knowledge about statistics subject and their F.Y.B.Sc. Syllabus. Also, they would be aware of the career options available in the subject.

Name of Teacher: Prof. chakradhar Shelake

## Department of Botany and Committee Report

### Report

Topic conducted during Bridge course are as follow-

Sr.No	Topic Name
1	Plant Kingdom - Classification and Characteristics
2	Characteristics of Prokaryotic and Eukaryotic Cell
3	Introduction to Principles of Botany/Advance Botany
4	Plant Physiology and Plant Biotechnology
5	Carrier Oriented program (COP) its importance and opportunities
6	Avishkar Activity

Name of Teacher- 1. Dr. D. N. Patil.

2. Dr. Madhuri Pagariya

## Department of Chemistry

### Topic- Periodic Table

In the topic first history of periodic table is introduced to all students ,periodic law, trends of periodic table concern with atomic size ,ionization potential ,reactivity was discussed. Also with the students How chemistry is related with day today life i.e. well explained. I have given examples of day today compounds and their bonding in chemistry.

**Name of Teacher- Dr. Rupali Gulalkari**

### Topic: Inductive and Resonance Effect

**Abstract:** Formation of covalent bond, Polar and Non polar covalent bond, sigma and pi bonds , Electronic effects in organic molecules were discussed.

**Inductive Effect:** Inductive effect is the effect that is caused by the transmission of an electrical charge throughout a chain of atoms.

**Resonance Effect:** Resonance effect describes the effect on the stability of a molecule due to the interaction between pi bond electrons.

Types of resonance (+R and -R) and Inductive effect (+I and -I) were discussed.

**Name of Teacher- Dr. Manisha Bora**

### Topic: Aromaticity

**Abstract:** Meaning of aromatic word was explained, characteristics for aromaticity as cyclic, conjugated system, planarity. Example of Benzene was discussed with its resonating structures. Delocalisation of pi electrons and formation of electron cloud was discussed.

Rule for Aromaticity given by Huckel and how to apply was discussed with different examples as cyclobutane, cyclopropane and their number of delocalized pi electrons present in them were calculated. As presence of odd no. of pi bonds indicate the molecule will be aromatic and even no. of pi bonds molecule will be non aromatic in nature was determined

**Name of Teacher- Hemlata Manvatkar**

## ZOOLOGY DEPARTMENT

In the Academic year 2023-2024, Faculty of Science organized a short term bridge course. The duration of course was 11 days which included 33 hours theory Lectures on all Science subjects. Zoology Department took total 7 lectures in this bridge course. A total number of 45 students participated for the course. During this course Dr. Madhuri Deshmukh (03 Lectures) and Dr. Tejal Deokar (05 Lectures) taught basic Zoology to the students. Examination for the course will be conducted on 22<sup>nd</sup> July 2023. At the end of the course students would gain overall basic knowledge about Zoology subject and their F.Y.B.Sc. Syllabus. Also, they would be aware of the career options available in the subject.

### Name of the Teacher

1. Dr. Madhuri Deshmukh
2. Dr. Tejal Deokar

## Department of Physics

In accordance with College Motto "Exploring youth capabilities for social service", Department of Physics had organized bridge course for F.Y.B.Sc. students during the academic year 2023-24. This program was aimed at refreshing the physics knowledge of students and nurture confidence of subject in them. Initially, choice based credit system (CBCS) was explained to the students to make them familiar with the education system. Scientific technique of study and use of various online platforms like Google classroom and Microsoft teams for academic purpose was discussed. This course inculcated strong problem solving skills along with an understanding of basic and applied knowledge of Physics among students. The lectures conducted were based on basic laws in Physics, elementary particles, atomic structure, chemical reactions, study of various instruments used in Physics, mathematical concepts like integration, derivation, graph plotting and interpretation. Finally, quiz competition was also conducted to assess the fruitfulness of bridge course.

2  Sharing of views by criteria heads on their criteria  Discussion on future plan of action, recommendations by previous NAAC peer team and AAA Discussion (Academic/Gender/Energy/Green/Environment audits)  Guidance by Management Representatives	Criterion 1: Members exhibited concern about the number of drop-out students and challenges in implementing NEP 2020. Mr. Chandak suggested that the focus should be on flexibility of choosing from any faculty in case of minor subjects. New skill sets and perspectives to be explored to keep students engaged and make them industry ready. Mr. Satav suggested more interaction between industry and academia to bridge the gap. Mr. Salunke suggested that the students of BJS Junior college should be counseled and motivated to seek admission in the Sr. college itself. Criterion 2: Dr. Pagariya discussed the importance of policy making and its approval. E-content development will also be encouraged among staff. Members also discussed having flexible teaching/practical hours for on-job students. Criterion 3: Discussion took place on strengthening resource mobilization, increasing the number of publications and collaborations with active MoUs. Mr. Veer suggested that the college should prepare a yearly industry visit calendar, publicize the collaborations and placements for better admissions.	All criteria heads and members	Members were optimistic about inputs and suggestions          Approved by all          Initiatives will be taken for publicity and increase admissions	

**IQAC**

		<p>Criterion 5 : Mr. Ghemud put forth the importance of increasing the scholarship/ freeship to more than 50% in order to score marks. Mr. Chandak suggested that students participating in the innovation lab can be given scholarship. Members also discussed keeping department wise felicitation programs for alumni to strengthen the bond, bring them together and also to update the college data. Members also talked about providing training to students for sports and cultural activities to increase the state / national level participation.</p> <p>Criterion 6: Mr. Jagtap informed the members about welfare measures and staff training programs. It was decided that training needs of staff will be identified (Mr. Keskar) for non-teaching and faculty In-charges for teaching) and proposals of staff training will be sent to industries and management to organize training.</p> <p>Criterion 7: Members appreciated the waste collection work and use of LED lights throughout the campus. It was suggested that E-waste drives should be included in the academic calendar. Efforts will be taken to install sensors for electric efficiency and to install a bio gas plant on the campus. Principal Dr. Gaikwad will look into the sensor installation and Mr. Salunke will proceed with the establishment of a biogas plant. External audit will be done in the year 2024 and the management will be requested to provide documented record of the participation of staff in BJS's social activities.</p> <p>Profile: The discussion took place on student computer ratio and upgradation of the existing labs.</p>		<p>Industry contacts will be implored to provide scholarship to students for achievements</p> <p>Training programs will be conducted</p> <p>All the possible ways of conserving energy and environment sustenance will be taken into consideration</p> <p>Dr. Monika Jain will prepare the requirement of computers and language laboratory</p>
