Science Academies' Virtual Lecture Workshop

On

"Spectroscopy: A Snapshot of Fundamentals, Advancements and Applications"

4th-6th February 2021

"This workshop will give an insight to fundamentals of spectroscopy, various modern spectroscopic techniques and their diverse applications."

Emphasis will be given on training the students to various 1D and 2D spectroscopic techniques, interpretation of spectra, problem solving approach, instrumentation and applications of various spectroscopic techniques in several fields. We believe that post-pandemic, it's a great opportunity to bring interactions and fruitful discussions between highly expert fellows of the Indian Academy of sciences and students through online mode.

Eligible Participants: M.Sc., Ph. D. Students & Teachers in Chemistry

NOTE

- Registration is mandatory and free.
- Virtual Workshop link will be sent via email to registered participants.
- Maximum limit of participants for the lecture workshop is only 150 students and 50 teachers.
- Maximum 5 students of each MSc branch per college (Organic/Analytical/PhD) and one teacher will be allowed.
- Attendance in all the sessions is compulsory. E-certificate will be issued to the registered participants after successful completion and score minimum 60% in the e-test that would be conducted at the end of the workshop.
