Activity: *“Introduction to Computers”*

Date : 24th December 2021

Time: 9:00 am to 11:00 am

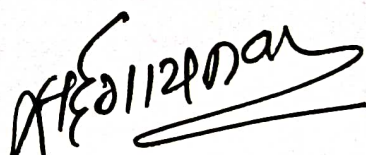

Activity Report

The extra credit course was conducted in association with Spoken Tutorial Team of IIT Bombay. Total 64 students from F.Y. and S.Y.B.Sc. participated in the course. The syllabus and study material was provided by the Spoken Tutorial team, and was shared with students using WhatsApp group. Along with the course material from spoken-tutorial.org, many videos and pdf material related to the syllabus was shared with students to complete the 30 hr course.

The exam for the course was conducted on 24th December 2021 under the supervision of Mr. Sanjay Manvatkar from 9:00 to 11:00 am through online mode. 56 students successfully cleared the exam to secure the course completion certificate, while eight students will reappear for the exam with a gap of 15 days.

Activity Report:- Bombay IIT MOOC certification course On Linux

Department Of BCA(SCI)

Academic Year 2021-22

BCA science department conducted Bombay IIT MOOC certification course on Linux for FY,SY and TY BCA (SCI) students in academic year during 1st jully 2021 to 30th August 2021-22.

This course was beneficial for all BCA (SCI) Class , Students getting idea about how Linux is one of the most popular Operating Systems used in today's world. Linux refers to the family of Unix-like computer operating systems using the Linux kernel. Linux can be installed on a wide variety of computer hardware, ranging from mobile phones, tablet computers and video game consoles to mainframes and supercomputers.

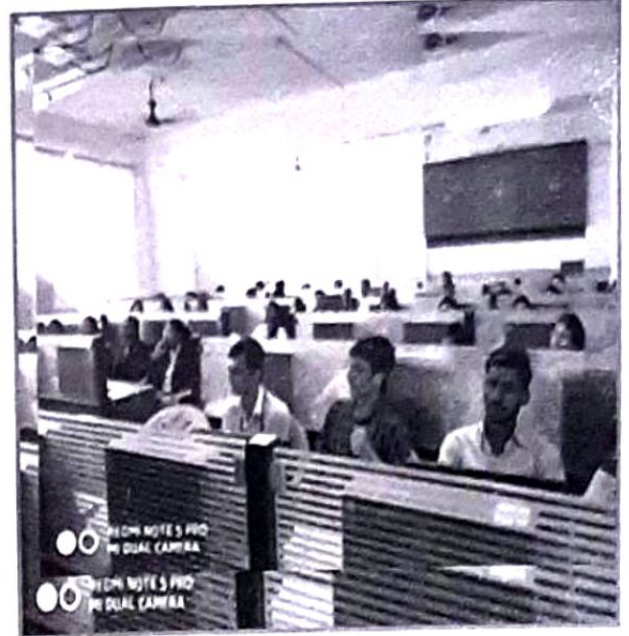

Total 143 students ie 75 Male and 68 Female completed this course successfully and get the certificate .It is an open source software and the Linux kernel is released under the GNU General Public License and hence can be freely created, modified and distributed.

Linux is actually just a kernel . This course is beneficial for those who want to learn basic so it is must for beginners .

Many people have put together distributions that contain not just the kernel but also many other programming tools and utilities. Some well-known distributions include Red Hat Linux, Ubuntu, SuSE Linux, and Debian GNU/Linux.

The real power of Linux can be tapped by using its wide and powerful storehouse of commands which need to be typed in on the terminal. The reason behind this is the fact that Linux can trace its intellectual heritage, provides a wide array of flexible text-mode commands.

In this course Students mainly concentrate on how to use the wide variety of commands of Linux to handle files, directories, processes etc. These tutorials are created using Ubuntu version 9.04 and above. Please see the associated text box of individual spoken tutorials on the website to decide the versions of Linux OS to which it is applicable.

Department of Physics

Activity: *Career Oriented Programme (COP) on “Bussiness Opportunities in Solar Energy Field”*

Duration: **30 hours**

In order to increase awareness of business opportunities in solar energy field, Department of Physics had organized career oriented program on “Bussiness Opportunities in Solar Energy Field” in collaboration with Vigyan Ashram, Pabal. This course aimed at educating and training students in harnessing the solar energy, and increasing self employment.

This course consisted of 30 lectures, including practical sessions. A webinar was conducted on 24th October 2021 regarding guidelines of the training program. The practical training part was covered through online mode and followed by on-sight training during. The theoretical part was covered using the online lectures conducted using Zoom platform. The technical sessions were conducted by Mr. Deepak Babar, Constro Energy Solution LLP, Pune, and Mr. Suhar Labade, FAB LAB Manager, Bahaartech Solutions.

The Business opportunities in solar energy field, calculating electricity load, and design and installation of solar panel, solar inverter, water heater and other solar appliances; were covered in the program. After the guidance of the course, assignment, project and an online quiz was conducted for assessment of the participants. Total 40 students from F.Y. and S.Y.B.Sc. Participated and successfully completed the course. Certificates for the successful students were generated and communicated.

Subject: Regarding permission for attending Training Workshop on "Business Opportunity in Solar energy field."(Date- 13-15 November 2021)

Respected Sir,

The Bharatiya Jain Sanghatana's Arts, Science and Commerce College was established in 1995 under the Wagholi Educational Rehabilitation Centre (WERC) in order to rehabilitate disaster affected children for higher education after Latur and Killari earthquake. With its affiliation to the Savitribai Phule Pune University, the College continues its journey towards providing excellent services in the field of Higher Education and overall development of the students.

Apart from traditional lectures, BJS focuses on overall development of students by giving them ground zero knowledge through field visits. Vigyan Ashram, Pabal also works in empowering students and counseling for job opportunities. In this regard, your institute has organized a training workshop on "Business Opportunities in Solar energy field". BJS College would like to request you to allow our 40 students from first and second year B.Sc. to attend the program. The students belong to nearby villages are unable to bear the registration fee of Rs. 500, so it will be great if they are exempted for the same. These students are enthusiastic to work in the field and require basic knowledge which will definitely be delivered in the workshop.

I would like to request you to grant us permission for attending the workshop through online platform. The list of students along with teacher in-charge is attached along.

Thanking you,

Yours faithfully

Mr. Shivaji Sonawane
Head, Dept. of Physics
